## NONRESIDENT PHARMACIES

House Bill 75 was signed into law by Governor Tom Wolf on October 7, 2015. This bill amends the Pharmacy Act and grants the Pennsylvania State Board of Pharmacy (Board) the authority to register nonresident pharmacies. The Board is in the process of developing the necessary nonresident pharmacy application in order to have the registration process in place by the effective date of December 6, 2015. Information will be posted on the Board's web site as it becomes available.
