2010 Medical License Renewals

All licenses issued by the State Board of Medicine expire on Dec. 31 of every even-numbered year. Therefore, all licenses will require renewal by Dec. 31, 2010.

Renewal notices will be mailed to all licensees at the address on record with the board approximately 100 days prior to the expiration date (mid-September). **You will not be able to renew the license until that time.**

When the renewal period has begun, you may renew your license online at www.mylicense.state.pa.us. You will need to register and create a use ID and password, if you have not already done so.

Online renewals will not be available until the renewal period opens.

Address Updates

All licensees are required to notify the State Board of Medicine within 10 days of an address change. It is important that current address information be on file with the board to ensure that you receive a biennial renewal notice.

An address change form can be found on our Web site at www.dos.state.pa.us/med under the link titled "Board Applications." You may also update your address through our Web site at www.mylicense.state.pa.us. You will need to register and create a use ID and password, if you have not already done so.

You may also update or add your e-mail address at these sites so that you will receive board newsletters and important news electronically.
