CHARITABLE ORGANIZATIONS**

**2011/2012  
ANNUAL CHARITIES REPORT**

**JUNE 30, 2012**

COMMONWEALTH OF PENNSYLVANIA  
DEPARTMENT OF STATE

September 30, 2012

Dear Fellow Pennsylvanians:

On behalf of the Department of State, I am pleased to present the 2012 report on charitable organizations. This report provides an overview of registrations, investigations and audits of charitable organizations by the Bureau of Corporations and Charitable Organizations. Helpful information for consumers making charitable-giving decisions is also included.

The Department's mission is to protect Pennsylvania residents by: (1) providing public disclosure of documents filed by charities and professional fundraisers, (2) providing consumer education, and (3) investigating and prosecuting complaints for reporting violations and fraudulent diversion of charitable funds.

The Department provides a wealth of useful information for consumers and for charities on the Department of State's website. Consumers can access the site's searchable database of registered charities to confirm whether a particular charity is registered or find information about how to file a complaint and links to other educational resources.

Charities and fundraising professionals can use the website to learn about their registration and filing responsibilities, access registration materials, and get links to state laws and outside resources.

This and previous annual reports are available on the Department's website. If you have any questions about state laws governing charities, or wish to report a fraudulent or deceptive solicitation practice, please call 1-800-732-0999, or online at [www.dos.state.pa.us/charities](http://www.dos.state.pa.us/charities).

Thank you for your interest in the Pennsylvania Department of State.

Sincerely,

A handwritten signature in cursive script that reads 'Carol Aichele'.

Carol Aichele  
Secretary of the Commonwealth

# Introduction

The Pennsylvania Department of State is responsible for the administration and enforcement of the Solicitation of Funds for Charitable Purposes Act, 10 P.S. §162.1, *et seq.*

The Charitable Purposes Act requires charitable organizations to register with the Department of State before they solicit contributions in Pennsylvania (unless they are specifically excluded or exempt from registration requirements).

The Charitable Purposes Act also requires professional solicitors to register prior to soliciting on behalf of charitable organizations in Pennsylvania. Professional fundraising counsels are also required to register before providing solicitation-related services in the Commonwealth.

The Charitable Purposes Act also lists prohibited conduct by persons soliciting for charitable contributions in Pennsylvania and penalties that may be assessed for violations.

This annual report, covering the period of July 1, 2011 to June 30, 2012 details:

- The number of charitable organizations, professional fundraising counsels, and professional solicitors registered in Pennsylvania;
- The number of organizations ordered to cease and desist solicitation in Pennsylvania; and

- The number of charitable organizations contracting with professional solicitors and their compensation paid to the professional solicitor for each campaign in relation to funds raised and administrative costs.
- The period covered by this report has changed. Prior year reports used a reporting year of September 17 through September 16. Although this format provided the most recent information, it did not coincide with the Commonwealth's fiscal year.
- Basic registration and financial information for all charitable organizations registered to solicit contributions in Pennsylvania can be obtained by visiting the Bureau of Corporations and Charitable Organizations' website at : [www.dos.state.pa.us/charities](http://www.dos.state.pa.us/charities) or by calling this toll-free number: 1-800-732-0999, between the hours of 8:30 a.m. to 5 p.m. Monday through Friday.

## Overview

- In July 2012, the Bureau of Charitable Organizations and the Corporations Bureau were consolidated into one bureau. The new bureau is now known as the Bureau of Corporations and Charitable Organizations.

Within the Bureau, the charity function consists of three divisions:

- Registration and Compliance,
- Investigations, and
- Audits

Our key objective is to provide donors with basic information that helps them in making wise charitable-giving decisions.

## **Division of Registration and Compliance**

The Division of Registration and Compliance oversees the processes by which corporations and charitable organizations register with the Commonwealth.

The Division of Registration and Compliance also monitors professional solicitors and professional fundraising counsels who contract with charitable organizations that solicit contributions. Professional solicitors and professional fundraising counsels are required to provide documentation relating to their activities on behalf of charitable organizations.

The Bureau of Corporations and Charitable Organizations also serves as the repository for registration information pursuant to the Institutions of Purely Public Charity Act 10 P.S. § 371, et seq.

Institutions of purely public charity are those organizations that are receiving or claiming exemption from real property and/or sales tax and are not otherwise required to register pursuant to the Solicitation Act.

## **Divisions of Investigations and Audits**

The Investigations and Audits Divisions pursue those charitable organizations that, fail to adhere with the registration requirements of the Charitable Purposes Act, or that otherwise engage in fraud or other violations.

# Performance Highlights

## Registration

Since the 2011 Annual Report to the General Assembly, the Department of State has:

- Processed more than 14,495 charitable organization documents for more than 11,281 charities.
- Reviewed more than 720 documents filed by more than 460 professional solicitors and professional fundraising counsels.
- Received registration information for more than 152 Institutions of Purely Public Charity.
- Processed checks totaling over \$2.5 million.

## Enforcement

The Investigations Division of the Bureau has enforced the Charitable Purposes Act, resulting in:

- 21 Consent Agreements and Adjudications,
- Orders for payment of fines in the total amount of \$74,000.
  - Since 1998, the Investigations Division's actions have resulted in 267 Consent agreements and Adjudications, resulting in total fines of \$1,618,750.
- 23 Cease and Desist Orders. There are currently 321 in effect.

# Charitable Organizations

At June 30, 2012, there were 10,940 charitable organizations registered with the Department of State. Charitable organizations that are soliciting charitable contributions in Pennsylvania and are not otherwise excluded or exempt under the Charitable Purposes Act must file the following:

- (1) annual registration statements,
- (2) IRS 990 federal informational returns, and
- (3) financial statements. Depending on the amount of their annual gross contributions, those financial statements may have to be compiled, reviewed or audited.

A charitable organization which received annual contributions of \$300,000 or more must be audited by an independent certified public accountant or public accountant. Every charitable organization which receives annual contributions of at least \$100,000, but less than \$300,000, is required to have a review or audit of its financial statement performed by an independent certified public accountant or public accountant. Every charitable organization which receives annual contributions of at least \$50,000, but less than \$100,000, is required to have a compilation, review or audit of its financial statements statement performed by an independent certified

public accountant or public accountant. A compilation, audit or review is optional for any charitable organization which receives annual contributions of less than \$50,000.

The Charitable Purposes Act defines “**solicitation**” as any direct or indirect request for a contribution on the representation that such contribution will be used in whole or in part for a charitable purpose, including, but not limited to, any of the following:

- (1) Any oral request that is made in person, by telephone, radio or television or other advertising or communication media.
- (2) Any written or otherwise recorded or published request that is mailed, sent, delivered, circulated, distributed, posted in a public place or advertised or communicated by press, telegraph, television or any other media.
- (3) Any sale of, offer or attempt to sell any advertisement, advertising space, sponsorship, book, card, chance, coupon, device, food, magazine, merchandise, newspaper, subscription, ticket or other service or tangible good, thing or item of value.
- (4) Any announcement requesting the public to attend an appeal, assemblage, athletic or competitive event, carnival, circus, concert, contest, dance, entertainment, exhibition, exposition, game, lecture, meal, party, show, social gathering or other performance or event of any kind.

A “**contribution**” is defined by the Charitable Purposes Act as the promise,

grant or pledge of money, credit, property, financial assistance or other thing of any kind or value, excluding volunteer services, in response to a solicitation, including the payment or promise to pay in consideration of a performance, event or sale of a good or service. Payment by members of an organization for membership fees, dues, fines or assessments or for services rendered to individual members, if such fees, dues, fines or assessments confer a bona fide right, privilege, professional standing, honor or other direct benefit, is not deemed to be a contribution, provided that membership is not conferred solely as consideration for making a contribution in response to a solicitation. Government grants or contracts are not deemed to be a contribution.

While the Charitable Purposes Act generally requires organizations to register with the Bureau of Corporations and Charitable Organizations prior to soliciting charitable contributions, certain organizations are specifically and totally excluded from registration. For example, bona fide religious institutions and law enforcement organizations that meet certain criteria are typically excluded from the registration requirement.

Educational institutions, hospitals, veterans' organizations, volunteer fireman organizations, ambulance associations, rescue squad associations, public nonprofit library organizations, senior citizen centers,

nursing homes and parent-teacher associations are typically exempt from the registration requirements of the Charitable Purposes Act, if they meet applicable criteria.

Charitable organizations that receive annual contributions of \$25,000 or less and do not compensate any person to conduct fundraising activities are also exempt from Charitable Purposes Act registration requirements. These organizations are still required to comply with all other provisions, including, but not limited to, keeping true and accurate records of their fiscal activities.

## **Professional Solicitors**

At June 30, 2012, there were 119 professional solicitors registered with the Bureau of Corporations and Charitable Organizations. Professional solicitors contract with charitable organizations to solicit direct monetary contributions and/or indirect contributions in the form of payment for goods, services or admissions to fundraising events for a charitable purpose. Basically, solicitors raise funds on behalf of charitable organizations and are permitted to have temporary (no more than five days) custody of those funds.

Professional solicitors must file annual registration statements and copies of their contracts with charitable

organizations. In addition, they are required to secure a bond, file a solicitation notice with each contract and, as set forth in the next section, submit campaign financial reports.

Approximately 1,317 contracts between charitable organizations and professional solicitors were approved for the year.

## Campaign Financial Reports

**Professional solicitors must file campaign financial reports** for each solicitation campaign they conduct in Pennsylvania. These reports must be filed within 90 days of the campaigns completion or on the anniversary of any campaign lasting more than one year. The reports must list the total contributions raised during the campaign, the campaign's total expenses, and the amount of the total contributions the charitable organization actually received. This information, summarized in Appendices A and B of this report, represents 572 campaign financial reports filed for approximately 400 charitable organizations.

## Professional Fundraising Counsel

At June 30, 2012, there were 369 professional fundraising counsels registered with the Bureau of Charitable

Organizations. Professional fundraising counsels are retained by charitable organizations to plan, manage, advise, consult or prepare solicitation materials. Unlike professional solicitors, professional fundraising counsels do not solicit contributions or have custody of contributions.

Professional fundraising counsels must file annual registration statements and copies of their contracts with charitable organizations no less than ten working days prior to conducting solicitation campaigns, events, or providing other services to charitable organizations.

## Cease and Desist Orders

The Investigations Division issued 23 Cease and Desist Orders since the last annual report, and there are 321 Orders in effect. Generally speaking, Cease and Desist Orders are only issued after organizations have been notified of the registration requirements and failed to cooperate with the Bureau of Charitable Organizations by becoming registered or by providing proof of exemption or exclusion from the requirements of registration. A list of all Cease and Desist Orders in effect is available on the website.
