10 Introduction of Board Members

11 [Chairperson Erhard requested the introduction of
12 Board members.]

13 ***

14 [Kalonji Johnson, Acting Commissioner of Professional
15 and Occupational Affairs, provided a brief summary of
16 his professional background. Acting Commissioner
17 Johnson introduced Marc Farrell as his replacement in
18 the Office of Policy.]

20 [John F. Erhard, III, DDS, Chairperson, read the
21 following statement into the record as follows:

22 BEGIN REQUESTED VERBATIM

23 As you recognize, Ian Harlow is not with us
24 today. He's no longer the Commissioner. He has moved
25 up the ladder. He's now the Deputy Secretary of the

1 Regulatory Affairs. I'd like you to indulge me in
2 order to make a few comments regarding former
3 Commissioner Harlow.

4 During my tenure on this Board, particularly in
5 my tenure as Board Chairman, I've had the opportunity
6 to work with a number of Commissioners. Like
7 everything else in life commissioners come in various
8 sizes and various shapes. Ian Harlow, in my opinion
9 and from my personal experiences, has served the
10 Dental Board in a capacity that's second to none.

11 He has been communicative with me and the Board
12 as to what efforts the administration had been making
13 with regard to Board efficiency and the ease of public
14 interaction with our Board. On occasion, I've
15 requested personal meetings with Ian regarding what I
16 believed were essential situations with which we as
17 Board members may have felt some frustrations.
18 Commissioner Harlow invited me to Harrisburg to visit
19 him in his office and allowed me unlimited time and
20 leeway to discuss all our concerns.

21 Later in today's meeting, I'll be reading some
22 correspondence between Ian and myself which is
23 indicative of how Ian responds to our requests. Ian
24 always represented the Board when he was present at
25 our meetings and he was always there in an open and

1 inviting manner, which made our communications with
2 him without stress. His ears and mind were always
3 open to our thoughts.

4 Certainly for myself and for this entire Board, I
5 would like to thank Commissioner Harlow for being our
6 friend and wishing him all the best of success and
7 happiness as he moves up the ladder the direction I'm
8 certain he is heading. We'll all miss you,
9 Commissioner Harlow. Thank you.]

10 END REQUESTED VERBATIM

17 BFO Annual Budget Review

18 [Kimberly Adams, Chief of Fiscal Management, Bureau of
19 Finance and Operations, along with Shannon Boop and
20 Amanda Richards, referred Board members to the budget
21 packet in the e-agenda for further discussion of the
22 renewable licensee counts, which for FY 2018-2019 was
23 at 30,094, a growth of 2,236 from 2018.

24 Ms. Adams referred to the Sources of Revenue for
25 discussion of the Biennial Total. She stated that

1 92.2 percent of revenue comes in from Renewals and
2 Applications and the balance from other sources. The
3 Board's proposed increase of 40 percent was also noted
4 on the Sources of Revenue for the March 2021 renewal
5 cycle.

6 Ms. Adams explained the Cost Category
7 Definitions, followed by discussion of Board expenses,
8 and the current budget amount, which she noted was
9 adequate for the year's expenditures. There was
10 further discussion of the Board's revenue and
11 expenses.

12 Ms. Adams referred to the Board member expenses
13 for further discussion of current expenses amount.
14 She explained that any excess will return to the
15 restricted account for future use by the Board.

6 Report of Board Counsel

7 [Ariel E. O'Malley, Esquire, Board Counsel, referred
8 Board members to the Status of Regulations for further
9 discussion of the Proposed Annex and Proposed Preamble
10 relating to the Board's fee increase regulation. She
11 noted that based on the budget discussion today, the
12 Preamble would be updated to reflect the most recent
13 figures.

14 Chairperson Erhard explained that the 40 percent
15 increase was necessary for the Board to "run in the
16 black". It was further noted it was at the lowest
17 percentage it could be in order to keep the Board
18 solvent.]

19 MS. O'MALLEY:

20 If there are no additional questions, I
21 would ask for a motion to promulgate the
22 fee regulation as proposed.

25 CHAIRPERSON ERHARD:

1 the date of conviction.

2 With regard to House Bill 64, Acting Commissioner
3 Johnson explained that it would be up to the
4 discretion of each individual board as to how much
5 carryover would be permitted. He stated this bill
6 would allow boards to determine whether they even want
7 to carry over. There was further discussion regarding
8 the matter.]

9

10 Appointment - Complaint Process

11 [Paul J. Jarabeck, Esquire, Prosecuting Attorney,
12 addressed the Board with regard to the complaint
13 process. He pointed out these were not the views of
14 the Office of General Counsel but he would discuss
15 them.

16 Mr. Jarabeck explained that the Bureau of
17 Professional and Occupational Affairs is comprised of
18 29 professional and occupational licensing boards
19 which license nearly 1.13 million professionals in
20 Pennsylvania. He noted that the BPOA enforces
21 specific statutes for professionals under Title 63,
22 regulations under 49 Pa. Code, the Drug Act, Referral
23 Fees and the Criminal History Record Information Act
24 (CHRIA).

25 He noted the complaint process can start with a

1 consumer, coworker, or concerned citizens,
2 notification from a federal, state or local agency as
3 well as news articles. J-NET, which will be coming
4 soon, will be notifying the boards about crimes
5 against an individual in the licensing database.

6 Mr. Jarabeck noted that complaints could also
7 originate from an investigator, professional society,
8 national practitioner databank or be self-reported.

9 He explained the process after the receipt of a
10 complaint, including issuance of a CP code that would
11 be registered within PALS and that after the
12 validation of jurisdiction, a complaint number would
13 be generated. Paralegals and attorneys from the
14 Bureau of Enforcement and Investigations would then
15 generate a request for investigation and a letter
16 would be generated to the complainant advising that
17 the complaint has been received. Interviews would be
18 conducted, evidence would be obtained, subpoenas would
19 be served and testimony would be obtained regarding
20 the results of the investigations.

21 Mr. Jarabeck noted that once investigations were
22 completed, law clerks, paralegals and attorneys would
23 review the results to determine whether there would be
24 enough evidence to file formal charges before the
25 Board. Board members had questions for Mr. Jarabeck.]

2 Report of Board Chairperson

3 John F. Erhard III, D.D.S., commented he had
4 participated in two licensure exams, one at Tufts
5 which was the largest exam ever given by CDCA ADEX.
6 He stated that upon questioning educators and
7 candidates there has been an exodus by candidates from
8 the WREB exam to the ADEX exam which is becoming more
9 universally accepted.

10 Dr. Erhard stated he recently visited Delhousie
11 University in Halifax, Nova Scotia where candidates
12 were interested in obtaining a license in the United
13 States.

14 He read into the record correspondence from
15 Commissioner Harlow with regard to security in the
16 Board rooms as follows: Department employees are
17 currently going through in-person active shooter
18 training. This is in addition to a web-based training
19 employees are required to take annually. In addition,
20 security is assessed on a semi-annual basis by the
21 Capitol Police. An assessment was just conducted in
22 the last 30 days.

23 As a result of these assessments, physical
24 security improvements have been made and continue to
25 be made on an ongoing basis. Furthermore, we adjust

1 our response plans based on new findings and new
2 techniques. To date we've added security cameras to
3 areas, secured areas where necessary, adding panic
4 buttons in board and hearing rooms, increased patrols
5 during business hours. Research shows that one of the
6 largest deterrents to an act of violence is armed
7 personnel on premises.

8 Our guard is trained to look for and respond to
9 suspicious activity. Well, it may not always be
10 obvious. We utilize a system called Code Red to send
11 out messages to staff during building incidents. This
12 allows for management and security personnel to share
13 the information regarding threats and law enforcement
14 activity. Doors can be secured electronically. This
15 includes main access points.

16 As such, management and security personnel can
17 lock down the building as necessary. This prevents
18 access from points outside into public and employee
19 areas of the building. While I cannot get into the
20 specifics for security reasons, we do coordinate
21 training with Capitol Police and their SWAT teams on a
22 response to an incident in our building.

23 We are prepared to address both internal and
24 external threats. We cannot assume that bad actors
25 will always originate from outside. We need also to

1 protect against threats that may be internal. It is
2 our hope that the steps we have taken will deter an
3 act of violence in the workplace but we are prepared
4 to respond should something occur.

5 Finally, employees throughout the building are
6 trained in First-Aid to provide support until First
7 Responders arrive. The active shooter training is in
8 person and takes about two hours to complete. I'm
9 happy to schedule the training specifically for your
10 board or we can provide the web-based training as
11 well. I would also like to consider adding to our new
12 public and board member training.

13 Chairperson Erhard asked Board members to
14 consider whether they would like live active shooter
15 training or a web-based training in order to notify
16 the Commissioner regarding the matter.

17 He reported that the National Commission on
18 Recognition of Dental Specialties and Certifying
19 Boards is now recognizing Dental Anesthesia as one of
20 the ten dental specialties.

21 Chairperson Erhard stated the AADB has asked for
22 the resignation of Dr. Fujimoto which he further
23 stated would affect the Board's relationship with AADB
24 going forward.]

1 Report of Commissioner - No Report

2

3 Report of Board Administrator

4 [Lisa M. Burns, Board Administrator, mentioned the
5 renewal period expires on March 31, 2019, noting that
6 the staff was working hard to complete the process by
7 the deadline. She answered questions regarding
8 complaints received with regard to renewals and the
9 time it takes for the child abuse course.

10 Acting Commissioner Johnson commended
11 the staff for going above and beyond the call of duty
12 with regard to processing times which he noted are
13 lower than last year. He encouraged all to contact
14 him with any issues and he would do his best to
15 resolve them. He also encouraged staff to reach out
16 to him with regard to survey issues and instructional
17 issues, stating there is always room for improvement.

18 Ms. Groody noted that the PALS website also
19 provided specific instructions for renewal that
20 licensees can refer to.

21 There was discussion regarding which courses
22 qualify for the pain management credits as it pertains
23 to opioid renewals. Dr. Lugo suggested that the Board
24 should have a brief presentation with regard to
25 opioids as it pertains to the dental profession.

1 Dr. Funari stated he is on the Department of
2 Health Opioid Prescribing Task Force and there are
3 guidelines for all medical and dental specialties that
4 will be put out for approval.

5 Dr. Matta noted these were the best guidelines
6 and it would be useful to have a presentation
7 regarding the matter. It was suggested that behaviors
8 should also be included with regard to opioid use.

9 Dr. Seid noted she was part of the group that
10 made the initial guidelines and that it would be a
11 good time for a presentation to update the Board.
12 There was further discussion regarding the matter. It
13 was noted that further information was provided on the
14 State Board of Dentistry website.]

7 Pituch further stated that going forward Dr. Robbins
8 would be initializing a few changes in the program to
9 make it more solid and he would be available to answer
10 any questions. He noted that Dr. Robbins regrettably
11 could not introduce himself at tonight's meeting but
12 would present at a future meeting to answer any
13 questions from Board members.

14 Dr. Pituch answered questions from Board members.
15 He noted the presence of an Anesthesia Committee which
16 ensures the safety of citizens and makes sure that
17 best practices are adhered to along with the support
18 of the Board. Dr. Pituch noted that anyone interested
19 in being on the committee should contact Christine
20 Corrigan, Executive Secretary for PSOMS. There was

22 Pituch welcomed Board members to contact him with any
23 questions or comments.]
