4 The regularly scheduled meeting of the State Board
5 of Dentistry was held on Friday, May 15, 2020. John
6 F. Erhard III, D.D.S., Chairperson, called the meeting
7 to order at 9:02 a.m.

8 Chairperson Erhard announced that attendance at
9 this meeting was a consent to be recorded. Those in
10 attendance were asked to mute their microphones unless
11 speaking.

12 ***

13 Introduction of Board and Audience

14 [Chairperson Erhard requested the introduction of the
15 Board and public members in attendance.]

16 ***

17 [Chairperson Erhard asked that the following be
18 recorded verbatim:

19 BEGIN REQUESTED VERBATIM

20 CHAIRPERSON ERHARD:

21 Dr. Arlene Seid has left her position
22 with the Department of Health and placed
23 in another department. I'm certain that
24 I speak for this Board, and many past
25 Board members, as I wish Arlene the best

1 of luck as she moves on with her
2 successful career. That being said,
3 Arlene's presence will be missed. Arlene
4 brought an in-depth knowledge from a
5 medical perspective. Anyway, best wishes
6 to Arlene. I hope most of you can hear
7 us.

8 At today's meeting, our goal, given
9 the virtual nature of this meeting, is to
10 stay on course and accomplish the tasks
11 that are mandated to the Board as
12 immediate. That includes disciplinary
13 matters, license applications,
14 correspondence and Executive Session.
15 Without a doubt, there are additional
16 important issues to discuss, but they are
17 not as time sensitive. And given the
18 complexities of conducting today's
19 meeting, we will address them most likely
20 at our next meeting.

21 Please be understanding. This
22 process is new for all of us.
23 Technically our meetings by statute
24 should be live and in person. So today
25 we will be charting a different course

1 and it will be a somewhat limited course.
2 As you can see from the roll call, it's
3 going to be challenging for everyone.

4 END REQUESTED VERBATIM.

5 ***

6 Approval of minutes of March 13, 2020 meeting

7 CHAIRPERSON ERHARD:

8 First item on the agenda is the approval
9 of the Minutes from our March 13 meeting.
10 Are there any additions or corrections?

11 [The Board discussed corrections to the minutes.]

17 DR. ERHARD RESUMED ROLE AS CHAIRPERSON

18

19 Report of Board Counsel

20 Status of Regulations

21 [Jackie W. Lutz, Esquire, Board Counsel, reported on
22 the slow progress for some regulations. She indicated
23 the fee regulations were moving through the approval
24 process.

25 Dr. Lugo notified her that the committee met

1 regarding the PHDHP regulations and suggested the
2 committee be allowed more time for review and comment.
3 Dr. Lugo will share that information with the full
4 Board at the next meeting.

5 Dr. Funari commented on his work on the anesthesia
6 update and indicated allof his edits were on a PDF
7 file that could not be edited. There was discussion
8 regarding possibly changing from a PDF format to a
9 track change format, which would allow the committee
10 to easily make the changes. Counsel will look into
11 the matter and hopefully have an answer by the next
12 meeting.

13 Acting Commissioner Johnson suggested further
14 discussion during Executive Session regarding these
15 technical aspects. He clarified that the editorial
16 changes were just that, not substantive, and wanted to
17 establish that except for technical changes, they were
18 voted on, submitted, and would have been ready for
19 publication. He further clarified that there would
20 not be another six weeks in between to move this
21 regulation forward.

22 Dr. Lugo stated a committee meeting would not be
23 necessary at this point if the document was available
24 for the entire Board to comment on prior to the July
25 meeting, at which time a vote would be taken and the

1 matter would be "put to rest".

2 Members of the public offered comments regarding
3 the matter.

4 In answer to a comment by Ms. Plant, Ms. Lutz
5 explained that the proposed rulemaking was published
6 in the Pennsylvania Bulletin on March 23, 2019, for
7 public comment and would have until March of 2021 to
8 be published as final after review by IRRC and
9 committees. There was further discussion regarding
10 the matter.

11 Acting Commissioner Johnson suggested the Board
12 discuss and review the edits and send them to Ms. Lutz
13 for insertion, so the Board can get the regulation
14 "back on the road to IRRC." Dr. Lugo reiterated all
15 that had been done but was not shared collectively as
16 a Board. He suggested it would be best to have the
17 document in Share Point to track the changes in a
18 timely manner. Acting Commissioner Johnson stated the
19 matter would be worked out.]

20

21 Licensure by Endorsement under Act 41 - Proposed Annex
22 [Ms. Lutz referred to the Draft Annex of the Act 41
23 regulation for further discussion. She suggested that
24 a regulation committee meeting be held prior to the
25 next Board meeting for comments and further

1 consideration.]

2

3 DOS Waiver Request #44

4 [Ms. Lutz asked Board members to review a waiver
5 request made to the Governor and approved by the
6 Governor on April 24, 2020, for the clinical
7 components of the dental and dental hygiene
8 examinations that require a live patient.]

9

10 HB2488

11 [Ms. Lutz asked Board members to review HB2488
12 regarding emergency COVID-19 provisions which was
13 recently introduced and to review the Dental Board's
14 Status of Cases.]

15

16 Report of Board Chairperson

17 [John F. Erhard, III, D.D.S., Board Chairperson,
18 apologized for the interruption in the audio early on
19 in the meeting.

20 The Department of Health devoted numerous hours
21 and made considerable effort to create directives for
22 the operation of dental practices, private, corporate
23 and educational. He commended the Board office and
24 thanked those involved for facing and acting on these
25 challenges while being physically displaced from their

1 offices.

2 Regarding the directive for dental and dental
3 hygienists licensing, extensive research and testimony
4 was made by a number of departments, including the
5 Governor's Office. The request was made to waive
6 licensure examinations based on the inability to
7 conduct in-person examinations due to COVID. On the
8 dental part of the examination, it was the
9 restorative, the filing portion of the licensure exam.
10 And on the hygienist side, it was the tooth polishing
11 of the exam.

12 He discussed the requested waivers for dentists or
13 dental hygienists who had just graduated or were about
14 to graduate. Dr. Erhard stated, with the closure of
15 dental school clinics, most candidates were not able
16 to participate in two-plus months of education and
17 planned supervised patient treatment.

18 He noted, in that regard, ADEX developed an option
19 for licensure candidates to demonstrate readiness for
20 practice via a non-patient-based restorative
21 examination through the development of CompeDont DTX,
22 a manikin tooth technology developed by the CDCA and
23 Acidental, Inc., that closely mimics a natural tooth.
24 He indicated that examination scores and the pass/fail
25 rate by candidates using the CompeDont tooth and those

1 using live patients was very similar and stated exams
2 are scheduled for early June using this model.

3 Dr. Erhard stated this manikin procedure for
4 hygienists was not currently available and dental
5 hygienist graduates will be granted a provisional
6 license until a live patient exam can be conducted
7 safely. He indicated, at that point, these
8 provisional licensees would be granted a reasonable
9 amount of time to complete the examination.

10 Dr. Erhard indicated a PDF download would be made
11 available for all those Board members who did not
12 attend the recent presentation regarding the CompeDont
13 tooth. He noted both CITA and CDCA were employing the
14 CompeDont tooth for the restorative procedure now and
15 the exam was recognized in all but three states,
16 including New York and Delaware, as well as Puerto
17 Rico, Jamaica, and the U.S. Virgin Islands.

18 He asked for the Board's formal approval of the
19 directive as offered, keeping in mind at this point
20 approval of the ADEX CompeDont tooth as a substitute
21 for a live patient for this examination cycle only.
22 Dr. Erhard noted his belief that this course of action
23 would satisfy all the requirements, which the public
24 trusts the Board to fulfill.

25 Ms. April Hutcheson, from the Department of

1 Health, was available on the conference call to offer
2 guidance and answer questions regarding the matter.
3 Ms. Hutcheson noted revised guidance along with color
4 codes, and this was not a return to practice as normal
5 because it was not safe. She indicated precautions
6 are in place during these very early stages of the
7 mitigation phase in the State's efforts to combat
8 COVID-19.

9 There was further discussion regarding use of
10 clinical judgement and what procedures can be done
11 during this crisis. Dr. Matta and Dr. Jaspan
12 commented on the vague and conflicting information,
13 including from the Pennsylvania Dental Hygiene
14 Association and the Pennsylvania Dental Association.

15 Dr. Hutcheson noted a guidance fact sheet was
16 available on the COVID-19 provider section of the
17 website, including links to CDC and OSHA for further
18 information.

19 Linda Straub Bruce, President of Pennsylvania
20 Dental Hygienists Association, stated questions and
21 concerns were sent to the Department of Health in
22 advance of a May 13, 2020 meeting. She indicated many
23 clarifications came forward and directives were given
24 to message out to membership.

25 Dr. Lugo commented that the Board had requested to

1 be kept updated on matters, including PPE, and the
2 Board needed to let the dental public know of its
3 efforts to address this pandemic, and the Board was
4 "somewhat on the sideline and not in the situation
5 room."

6 Dr. Hutcheson commented that Dentistry will not be
7 receiving PPE from the Commonwealth as that limited
8 supply was being prioritized for long-term care
9 facilities and first responders. Dr. Lugo suggested
10 the Department of Health reconsider parts of Dentistry
11 as first responders.

12 Dr. Pete Ross, President, Pennsylvania Academy of
13 Pediatric Dentistry, commented that it was not that
14 the dentists want PPE from the Commonwealth; it was
15 not available from vendors who have to sell to state
16 government. He inquired how appropriate care can be
17 given to dental patients who need the care if PPE were
18 not available.

19 Dr. Hutcheson stated the challenges of PPE will
20 never meet the existing need. Dr. Lugo noted that
21 the state needs to be clearer and provide better
22 guidance regarding the matter. Dr. Hutcheson noted
23 she would review the matter further with the
24 appropriate department.

25 Dr. Linda Himmelberger, ADA trustee, commented

3 Report of Committees

4 Scope of Practice Committee

5 [Andrew S. Matta, D.M.D., Chairperson, had no report
6 but had a question for Acting Commissioner Johnson in
7 terms of the Scope of Practice Committee. He inquired
8 as to the approval process to set up a Scope of
9 Practice committee meeting to consider dentists as a
10 conduit for COVID testing.

11 Acting Commissioner Johnson responded that request
12 would have to be escalated up to the Governor's Office
13 since expanding the scope of practice was not within
14 the authority of the Committee. He directed the Board
15 to the April 7 Executive Order for further
16 information. Acting Commissioner Johnson suggested
17 the matter be discussed further in Executive Session.]

18 ***

19 Newsletter Committee

20 Bonnie L. Fowler, Chairperson, discussed oral health
21 publications and questioned whether Secretary Kathy
22 Boockvar's letter to the Governor's Policy Office
23 could be posted to the Board's website or excerpts
24 placed in the newsletter. Acting Commissioner Johnson
25 will provide an answer after discussing the matter

1 with the Policy Office.

2 Dr. Lugo suggested an article specific to COVID
3 and Dentistry be placed in the next newsletter.]
