

AMPLIFIED RECORD OF GEOLOGICAL WORK EXPERIENCE

(Duplicate this blank page to provide sufficient extra pages to adequately document your experience. ONLY information presented on this form will be considered.)

Employment Number (1, 2, 3, etc.)	List NAME & ADDRESS of Supervising Official thoroughly familiar with each employment. (If licensed, indicate "PG" after name.)	Dates of Geological Employment (All time frames must be accounted for and include the <u>month and year</u> . Do NOT use "Present" as your end date.)		<p><u>PREPARATION INSTRUCTIONS – READ & FOLLOW DIRECTIONS CAREFULLY</u></p> <ol style="list-style-type: none"> 1. Applicants must show at least 3 years of supervised experience and 2 years of experience in a responsible position in geological work OR 5 years of experience in a responsible position in geological work OR 5 years of experience prior to 12/16/92 under the supervision of a licensed professional geologist or a similarly qualified geologist. 2. List employers in <u>chronological order</u> with the oldest employment shown as Number 1. 3. Show name and address of each employer and the title of your position. 4. For each employer describe in <u>detail</u> the work you performed and your specific role(s). Applicants with insufficient information will be requested to revise and resubmit the forms. 5. DO NOT INCLUDE POST-BACCALAUREATE DEGREE INFORMATION ON THIS FORM 6. Each page of the record MUST include your PRINTED NAME and DATE as well as all other requested information. Your signature is required on the LAST page of each engagement, along with the totaled experience for that engagement. 7. List Work Experience section in the following format: <ol style="list-style-type: none"> (a) Title of Position (b) Name and Address of Employer (c) Description of Work – Must be accurate, detailed, all-inclusive and indicate character of work and degree of responsibility. 	# of Years & Months Areas of Experience Must equal length of time employed						
		From Mo/Yr	To Mo/Yr		Yrs	Mos	Yrs	Mos			
Supervisor's Name: Supervisor's Address:				<p>Geological Work Experience Description: Work Experience MUST be listed in a yearly format with no more than one year of experience per page; however, you may use <u>more than one page</u> for a single year of work experience; there is no maximum number of pages allowed.</p>

Amplified Record of Geological Work Experience Requirements

To assist the Board with providing the most appropriate evaluation of your geological work experience, you must submit an “Amplified Record of Geology Work Experience” form (amplified record), which has been **completed in its entirety** (names, addresses, complete employment dates- *NOT to “present”* etc...) and provides the Board with specific, thorough and detailed descriptions of your progressive professional experience in geology work that you obtained under the supervision of a licensed professional geologist (or similarly qualified geologist of a grade or character to fit him to assume responsible charge of the work involved in the practice of geology).

The new amplified record should clearly describe the five (5) or more years of professional geological work that you personally performed; including at least 3 years of professional geological work under the supervision of a licensed professional geologist and 2 years of geological experience in a responsible position in geological work or a minimum of 5 years in a responsible position in professional geological work or a minimum of 5 years of experience prior to 12/16/92 under the supervisor of a licensed PG or similarly qualified geologist. The amplified record should delineate your specific role in any geological activity; provide an overall description of the nature of geologic work you personally performed and specifically indicate how your geological skills and responsibilities have increased during your years of experience.

Your amplified record should demonstrate conclusively the application of the principles of geology, geophysics, geochemistry, engineering geology or their subdivisions to the actual practice of geology. Routine sampling, laboratory work and geological drafting are not professional geological work and will not be credited as acceptable experience. Likewise, work not requiring the input or participation of a professional geologist, or work that does not require the application of the principles of geology will not be credited as acceptable experience. Please note that the only work experience considered during any subsequent application review is the experience information provided on the most recent amplified record. A blank “Amplified Record of Work Experience” form can be found under the “Board forms” section of the “licensure information” page of the Board’s website (www.dos.state.pa.us/eng).

Additionally, please note that you should provide no more than one year of work experience per page of the amplified record; however, you may use as many pages as necessary to accurately describe each year of experience.
