4 high. He stated that the international medical grad  
5 clinical exam pass rate was 75 percent. The standards  
6 are revisited every three to four years using a  
7 process called content-based standard setting. Dr.  
8 Barone discussed the minimum passing score increase in  
9 December 2017 from 192 to 194 based on the standards  
10 perceived by the Management Committee.

11 Dr. Barone discussed examination format including  
12 multiple-choice questions, computer-based case  
13 simulations, and standardized patients.

14 Dr. Barone noted six regional centers with two in

15 Presentation

16 [Patricia Dillon, Director, Office of Legislative  
17 Affairs, described her position as an intermediary  
18 between the General Assembly and Department of State.

19 Ms. Dillon provided examples as constituent  
20 inquiries from the General Assembly, working on  
21 legislation and tracking it for the department,  
22 monitoring legislation that comes from the General  
23 Assembly that impacts the Boards directly, and  
24 monitors the legislation as it goes through the  
25 General Assembly.

1 Ms. Dillon discussed the bill analysis process,  
2 requesting legislative changes, requesting regulatory  
3 changes, and the PA Sunshine Act.

5 [Kathryn L. Waters, Deputy Commissioner of  
6 Professional and Occupational Affairs, exited the  
7 meeting at 10:44 a.m.]

10 knowledge and experience regarding bills, which will  
11 facilitate legislators with a better understanding.

12 Mr. Mitchell questioned the possibility of  
13 reviewing the bills going through the legislative  
14 process that are specific to the Board and making  
15 recommendations in advance. Ms. Dillon stated Board  
16 Counsel can bring the bills back to Board meetings for  
17 review.

18 Chairman Brod discussed the transparency of the  
19 bills in the legislature at various stages.]

20 \*\*\*

22 [Pat Harmon and Mary Beth Matlock, Acting Chief of  
23 Quality Assurance, Children's Health Insurance  
24 Program, addressed the Board regarding the provider  
25 enrollment mandate as part of the Affordable Care Act.]

1 He stated that CHIP has provided healthcare to  
2 children for over 25 years. Pennsylvania was the  
3 first state to offer CHIP and was the model used by  
4 the federal government. The Department of Human  
5 Services implemented the Affordable Care Act provision  
6 requiring all providers who render, order, refer,  
7 prescribe, or bill services to enroll with the  
8 Department of Human Services December 31, 2017.

9 He explained that some providers will be subject  
10 to an application fee of \$560 at initial enrollment  
11 and then every five years revalidation. He noted that  
12 CHIP will be funded for six more years. He stated  
13 that physicians will not become a Medical Assistance  
14 provider nor be required to render services to MA  
15 beneficiaries. He also stated the Department of State  
16 sent an email or fax blast that reached over 200,000  
17 providers and emphasized the importance and methods of  
18 trying to get the word out.]

19 \*\*\*

23 [Charles A. Castle, M.D., discussed the Naturopathic  
24 Doctor Registration Act, effective at the beginning of  
25 2018. He stated the committee reviewed the pros and

1 cons of the bill and received criticism on the  
2 language of the bill.

3 Mr. Kovach addressed the Naturopathic  
4 Registration Act, which is a registration act that  
5 also includes a scope of practice and standard of care  
6 as potential violations. Mr. Kovach further explained  
7 the registration act.

8 Mr. Kovach noted that the standard of care was  
9 not provided within the legislation, so the board was  
10 grappling with the issue of developing the standard of  
11 care and scope of practice.

12 Mr. Kovach mentioned the possibility of  
13 requesting additional input from the legislature in  
14 terms of some type of amendment, which the Board might  
15 want to consider while working with the current act  
16 and moving forward with the regulations.

17

\*\*\*

18 [Kathryn L. Waters, Deputy Commissioner of  
19 Professional and Occupational Affairs, reentered the  
20 meeting at 11:22 a.m.]

21

\*\*\*

22 [Dr. Castle noted contentious issues that involved the  
23 discrepancy between background training for those who  
24 regard themselves as naturopathic doctors and those  
25 who had a more traditional background of naturopathic

1 medicine.

2 Dr. Heine stated her understanding was its intent  
3 was for title protection and to distinguish those two  
4 groups.]

12 Order 2017-03.

13 Ms. Waters stated St. Francis University will  
14 provide statistical information for the report.

15 Ms. Waters stated that input was welcomed from  
16 all Boards even if they do not have a representative  
17 on the Advisory Committee.

18 Chairman Brod suggested a committee meeting for  
19 discussion of the Advisory Committee Meeting minutes  
20 after they become available.]

24 Mr. Loiselle encouraged everyone to join a  
25 committee. He noted that the number of committees and

1 the activities of the committees will need to be  
2 discussed.

3 Chairman Brod addressed the importance of

5 thanked Vice Chairman Loiselle and Dr. Heine for her  
6 efforts as Board Chair for two years.]

7 \*\*\*

10 in Executive Session.]

11 \*\*\*

12 Report of Regulatory Counsel - Regulatory Status

13 Report

14 [Peter D. Kovach, Esquire, Board Counsel, discussed  
15 the Medical Boards Regulation Schedule in relation to  
16 pending items, feedback and scheduling dates of topics  
17 for discussion.

18 Mr. Kovach noted current legislature in the House  
19 and Senate regarding telemedicine. He stated the  
20 Federal Trade Commission has less authority if there  
21 were legislation involved and has much more authority  
22 if it is a Board doing any type of regulation.

23 Dr. Heine suggested looking at the bill for areas  
24 of concern and areas where the Board concurs using HB  
25 1648 or SB 780 for discussion and suggestions relative

1 to that at a committee meeting.

2 Dr. Castle noted FSMB policy guidelines of  
3 telemedicine and suggesting letting someone in  
4 legislature know that the Board was interested in the  
5 pending legislation.

6 Mr. Rish noted SB 780 PN 1448 legislation.

7 Chairman Brod suggested holding the initial  
8 committee meeting to discuss telemedicine on March 20,  
9 2018. If additional time was needed, the Board will  
10 have the meetings on a separate day.]

11 \*\*\*

12 [Anna M. Moran, M.D., exited the meeting at 11:44 a.m.  
13 and reentered the meeting at 11:47 a.m.]

14 \*\*\*

15 Board Meeting Dates

16 [Chairman Brod encouraged the Board to review upcoming  
17 dates for 2018 and 2019.]

18 \*\*\*

19 Old Business/New Business

20 [Chairman Brod noted FSMB draft documents for comment  
21 and feedback, including the FSMB draft statement on  
22 compounding. He referred to letters from the American  
23 Society of Clinical Oncology (ASCO) and the American  
24 Academy of Dermatology.

25 Chairman Brod noted that FSMB would defer to

1 United States Pharmacopeia (USP), which sets standards  
2 for compounding. Chairman Brod does not think the  
3 Board should take the position of any other  
4 organization and should formulate their own position.  
5 Chairman Broad noted a concern that USP chapters that  
6 pertain to compounding were being revised, and issuing  
7 a statement that defers to them as a standard could be  
8 premature.

9 Dr. Heine discussed OSHA measures and safety  
10 guidelines from the Oncology Nursing Society and  
11 concerns with the USP issue and the 503A provision of  
12 the Federal Food, Drug, & Cosmetic Act.

13 Dr. Heine asked for consideration that either she  
14 or Dr. Castle be able to represent the State Medical  
15 Board in their opinion that this drug policy on  
16 compounding of medications by physicians be referred,  
17 as it currently is not at a level where it can be  
18 adopted.]

19 DR. CASTLE:

20 Motion to speak on behalf of the Board,  
21 based on I won't reiterate what Dr.  
22 Heine said.

23 CHAIRMAN BROD:

24 Any discussion. Second?

25 DR. MORAN:

1                   Second.

2 CHAIRMAN BROD:

3                   Dr. Moran seconds. All those in favor?

4                   Opposed, same sign?

5 [The motion carried unanimously.]

6                                           \*\*\*

7 [Dr. Heine explained that the issues will be before a  
8 Reference Committee and that she or Dr. Castle will  
9 deliver testimony representing the Board only with  
10 Board approval. She noted that if there is lack of  
11 concurrence, she and Dr. Castle would speak as  
12 individuals.

13           Chairman Brod further explained that a second  
14 pathway that the FSMB suggested was being used for the  
15 Board to weigh in at the Reference Committee level on  
16 issues because the comment period had closed.

17           Dr. Heine stated that after the Reference  
18 Committee, delegates gather in a room called the House  
19 of Delegates where votes take place and become FSMB  
20 policy.]

21 MR. LOISELLE:

25

Reactivation Application for a Physician

1                   & Surgeon License filed by Wieslaw

25                   Reactivation Application for a Physician

1 & Surgeon License filed by Suzanne Rose,

8 So moved.

9 DR. MORAN:

10 Second.

11 CHAIRMAN BROD:

13 All those in favor? Anybody voting no?  
14 Please let the record reflect that Dr.  
15 Cummings votes no.

17 motion.]

25 continuing medical education (CME) if an individual

1 does not have a Drug Enforcement Administration (DEA)
