Application for a Professional or Practical Pre-licensure Nursing Education Program

RN PROGRAMS ONLY
The requirements for establishment of an RN Program are contained in Section 21.51 of the Board’s regulations with additional information contained in Sections 21.61-21.63 (organization and administration), 21.71-21.76 (administrative and instructional personnel), 21.81-21.89 (curriculum), 21.91 (facilities and resources), 21.101-116 (policies) and 21.121-21.125 (records) of the Board’s regulations. Applications must be submitted to the Board no later than 8 months prior to the intended admission date of students. The Administrator must be appointed no later than 12 months prior to the intended admission date of students, and faculty must be appointed no less than 3 months prior to the commencement of teaching.

PN PROGRAMS ONLY
The requirements for establishment of a PN Program are contained in Section 21.172 of the Board’s regulations with additional information contained in Sections 21.145b (IV-therapy curriculum), 21.181-21.184 (organization and administration), 21.191-21.194 (administrative and instructional personnel), 21.201-21.204 (curriculum), 21.211 (facilities and resources), 21.221-21.223 (policies) and 21.231-21.234 (records) of the Board’s regulations. Applications must be submitted to the Board no later than 4 months prior to the intended admission date of students. The Administrator must be appointed no later than 6 months prior to the intended admission date of students, and faculty must be appointed no less than 1 month prior to the commencement of teaching.

GENERAL INSTRUCTIONS:

• For purposes of this application, the Provider is the controlling institution that awards the degree/diploma/certificate. For private licensed programs, the Provider and the Nursing Education Program may be the same.
• For purposes of this application, the Contact Person is the author of the proposal and with whom the Board will communicate on behalf of the Provider. The Contact Person and the Program Director may be the same.
• A separate application must be submitted for each program type.
• A separate application must be submitted for each additional location beyond the one(s) approved by the Board. If content (curriculum, policies etc.) requested on the template form(s) is unchanged from the Board approved program indicate that on the form in the section where the related attachment is requested. Do NOT attach a copy of the previously approved materials.
• At the time the application is submitted, the Program must either identify the Administrator, Nursing Faculty and Allied Faculty or detail the qualifications required for these positions provided that the regulations do not require that the positions are filled.
• All applications must be reviewed by the Board at a regularly scheduled meeting. Applications will be placed on the agenda once the application is complete and any deficiencies have been corrected.

FEES:
• The $935 application fee is non-refundable and must accompany the application.
Applications that are incomplete one year from receipt in the Board office must be resubmitted with a new application fee.

FORMAT:

- Where citations are required, use established citation format. For example, Author, S. P. (Year of publication). Title of work: Capital letter also for subtitle. Location: Publisher.
- Submit the original and three copies of the application and attachments.
- Submit attachments on 8x11 size paper, double-spaced and single-sided.
- Number every page consecutively including the page dividing each attachment.
- Do not tab, staple, bind, or clip pages.
- Do not abbreviate or use acronyms.
- Do not shade or highlight.

ATTACHMENTS:

The following documents must be labeled and attached with this application:

- Attachment 1: Provider's Philosophies and objectives
- Attachment 2: Provider's Organizational Chart depicting the relationship with the Nursing Education Program
- Attachment 3: Provider's Letter of Commitment to the Nursing Education Program
- Attachment 4: Provider's Pennsylvania Department of Education Approval
- Attachment 5: Nursing Education Program’s Philosophies and Objectives
- Attachment 6: Nursing Education Program’s Organizational Chart
- Attachment 7: Nursing Education Program’s Nursing Faculty Policies on:
  - Personnel
  - Nursing Faculty Orientation
  - Nursing Faculty Responsibilities
  - Nursing Faculty Development
  - Nursing Faculty Organization Governance and Minutes
  - Nursing Faculty Record Management
  - Facility Replacement of Equipment Policy
- Attachment 8: Nursing Education Program’s Student Policies on:
  - Student Admission and Selection
  - Student Advanced Standing and Transfer
  - Student Health Program
  - Student Immunization
  - Student Absence
  - Student Counseling and Guidance
  - Student Financial Aid
  - Student Refund Policy Governing Fees and Tuition
  - Student Rights
  - Student Grievance
  - Student Record Maintenance and Retention
  - Student Record Access
  - Student Progression/Grading
  - Student Retention
  - Student Dismissal
Attachment 9: Student and Nursing Faculty Handbooks
Attachment 10: Curriculum Plan by Semester – (Complete & attach Template A)
Attachment 11: Simulation Program Plan – (Complete & attach Template B)
Attachment 12: Syllabi (Submit all syllabi in Format Template E) for all Courses on the Curriculum Plan to include:
  - Hours of instruction broken down into didactic, clinical, laboratory and simulation hours
  - Faculty member’s name and credentials
  - Course name and number
  - Course pre- and co-requisites
  - Clock Hours/Credit to be awarded
  - Course description
  - Course objectives
  - Learning outcomes
  - Course content outline per week
  - Required and recommended textbooks/references
  - Standards of nursing practice
  - Required technologies, including technology support
  - Methods of course delivery (lecture, discussion boards, online)
  - Assessment tools and methods including the grading matrix and final course average
Attachment 13: Cooperating Agency Information – (Complete & attach Template C)
Attachment 14: Written Agreements or Letters of Intent for each Cooperating Agency identified
Attachment 15: Systematic Evaluation Plan. An organized, continuous analysis of all nursing education program components, such as curriculum, Nursing Faculty, facilities, policies and outcome measures, that addresses standards or benchmarks to be achieved and establishes an action plan if those standards or benchmarks are not achieved.
Attachment 16: Sample Nursing Faculty and the Student Evaluations
Attachment 17: Facility and Resource Plan. Describe the planned office, instructional and administrative facilities, clinical laboratories, library facilities and resources, as well as equipment for the Nursing Education Program. Attach drawings or pictures of the planned space.
Attachment 18: Administrator’s CV and transcripts. The CV shall detail the Administrator’s experience practicing and teaching, including the courses taught and the number of years teaching, and administering/operating an education program.

**RN PROGRAMS-BACCALAUREATE DEGREE ONLY** - If the Administrator does not possess a doctoral degree also include a plan to obtain the doctoral degree within 5 years.

**PN PROGRAMS ONLY** - If the Administrator does not possess a graduate degree also include a plan to obtain the graduate degree.

Attachment 19: Work history for each Nursing Faculty member.

**RN PROGRAMS** - If the nursing faculty member does not possess a graduate degree, also include a plan to obtain the graduate degree

**PN PROGRAMS** - If the Nursing Faculty member does not possess a baccalaureate degree, also include a plan to obtain the baccalaureate degree.
Attachment 20: Work history for each Allied Faculty member.
Attachment 21: 5-Year Projected Nursing Faculty to Student Complement Per Year and Term – (Complete & attach Template D)
Attachment 22: 5-Year Budget Projection of Financial Viability. An excel spreadsheet setting forth the details required for the five-year budget projection is available on the Board’s website. (Complete & attach the Completed Budget Spreadsheet)

**Faculty Information:**

**ADMINISTRATOR**

Have you identified an Administrator for this program?

*(The title Administrator refers to the Administrator of an RN Program or the Nurse Director or Nurse Coordinator of a PN Program.)*

- Yes – Go directly to Identified Administrator questions
- No - **RN PROGRAM ONLY** – Go directly to Minimum Qualifications for the Administrator questions unless it is less than one year from the intended admission of students. An RN Administrator must be identified no later than one year from the intended admission date of students.
- No - **PN PROGRAM ONLY** – Go directly to Minimum Qualifications for the Administrator questions unless it is less than six months from the intended admission of students. A PN Administrator must be identified no later than six months from the intended admission date of students.

**Identified Administrator:**

Administrator’s PA Temporary Practice Permit/License Number: ________________________________

Administrator’s Name: _____________________________________________________________________________________________

Administrator’s Education: ___________________________________________________________________________________________

Program Name: __________________________________________________________________________________________________

City/State: ________________________________________________________________________________________________________

Degree(s) and Year Awarded: ________________________________________________________________________________________

Program Name: __________________________________________________________________________________________________

City/State: ________________________________________________________________________________________________________

Degree(s) and Year Awarded: ________________________________________________________________________________________

Program Name: __________________________________________________________________________________________________
The Administrator of an RN Program must be identified within one year of the intended admission date of students. The Administrator of a PN Program must be identified within six months of the intended admission date of students.

Minimum Qualifications for the Administrator:

**RN PROGRAM—BACCALAUREATE DEGREE ONLY**—The Administrator of an RN Baccalaureate degree program must have at least one graduate degree in nursing and a doctoral degree or have a specific plan for completing doctoral preparation within five years of appointment, hold either a PA RN temporary permit or a license and have experience in nursing practice, nursing education and administration. Detail the Program’s minimum qualifications for its Administrator, including the minimum education, teaching and/or operating a program experience, licensure requirements, and job description.

**RN PROGRAM—ASSOCIATE OR DIPLOMA ONLY**—The Administrator of an RN Associate or diploma program must have at least one graduate degree in nursing, hold either a PA RN temporary permit or a license and have experience in nursing practice, nursing education and administration. Detail the Program’s minimum qualifications for its Administrator, including the minimum education, teaching and/or operating a program experience, licensure requirements, and job description.

**PN PROGRAM ONLY**—The Administrator of a PN Program must have earned a baccalaureate degree, preferably in nursing, and if not a graduate degree, a specific plan
for completing graduate work, and have experience in nursing practice, nursing education and administration. Detail the Program’s minimum qualifications for its Administrator, including the minimum education, teaching and/or operating a program experience, licensure requirements, and job description.

Detail the minimum qualifications for the Nursing Education Program Administrator for this Program.

Cooperating agencies are settings across the continuum of care wherein students engage with live patients to obtain clinical experience. Attach a written agreement or letter of intent for each of the cooperating agencies identified indicating a positive commitment to the program and the availability of sufficient resources to meet the educational requirements of the program. The agreements/letters must identify the maximum number of clinical spaces and the anticipated teacher-student ratio.

SYLLABUS FORMAT

COURSE TITLE: ELECTROCARDIOGRAPH TECHNIQUE & APPLICATION

PREREQUISITE: AHC101 Introduction to Health Careers; BI0101 Anatomy & Physiology 1

INSTRUCTOR: TBA

COURSE SCHEDULE: Classes are scheduled between 8:00 AM and 10:00 PM, weekdays (dependent upon day or evening sessions)

COURSE LENGTH: 24 lecture hours / 24 lab hours / 3.0 Quarter Credits

COURSE OVERVIEW: Acquiring a deeper understanding of the cardiovascular system and how it functions, students practice basic electrocardiograph patient care techniques, applying legal and ethical responsibilities. Students learn the use of medical instrumentation, electrocardiogram theory, identification of and response to mechanical problems, recognition of cardiac rhythm and response to emergency findings.

COURSE OBJECTIVES: Upon successful completion of this course, the student will be able to:

1. Define the key terms associated with electrocardiographs.
2. Describe the cardiac cycle and the conduction systems that controls the cardiac cycle.
3. Describe the electrocardiogram.
4. Maintain equipment for safety and accuracy; identify and eliminate or report interference and mechanical problems.
5. Identify the basic equipment and supplies required for electrocardiography.
6. Demonstrate proper lead placement.
7. Describe and demonstrate the step-by-step procedure for obtaining an EKG and use documentation skills to identify electrocardiographs.
8. Calculate rate and identify rhythms.
9. Recognize a cardiac emergency as seen on the EKG.

MEDIA, TEXT & RESOURCE REQUIREMENTS:

INSTRUCTIONAL STRATEGIES:

This course combines lecture instructions with lab application. Instructional strategies include lecture, demonstration, discussion, practical application, simulation and presentations.

COURSE OUTLINE*

1. Review Anatomy and Physiology of Cardiovascular system; cardiac cycle, conduction pathways; role of the ECG Aide; purpose of Electrocardiograms.
2. Terminology, equipment and supplies required for ECG.
3. ECG Instrumentation; lead placement and vectors.
4. Normal ECGs, calculating rate, introduction to rhythms.
5. Patient preparation for ECG tests; finding the heartbeat, taking an ECG.
6. Naming rhythms, types of rhythms, clues to identifying rhythms.
7. 25 common dysrhythmias
8. Charting ECGs
9. Reading ECGs
10. Recognizing interference, loose leads and other malfunctions
11. Recognizing, responding to, reporting emergency situations
12. Review & Final Exam.

* Session Course Outline may change as needed, and shall be determined by the instructor. Content shall not change, and if so, students shall be given prior notice. However, depending on the term, the course breakout in sessions per week may vary, but all contact hours shall be met within the term, and within the class schedule parameters.

Make-up sessions may be scheduled during hours other than the regularly-scheduled meeting times, including breaks and weekends.

**GRADING REQUIREMENTS:**

Final grades will be determined as follows:

<table>

**ATTENDANCE REQUIREMENTS:**

It is important for the school to be notified when a student is not able to attend class. It is the student’s responsibility to inquire about make-up work for both classroom lectures and laboratory sessions.

Tardiness and/or absence from any part of a class/lab will constitute a partial absence. A total of three partial absences will constitute a full absence.

For further information on the attendance policy, consult the current edition of the MedVance Institute catalog and applicable student handbook.

**MAKE-UP WORK:**

It is the student’s responsibility to inquire about make-up work for both classroom and laboratory sessions. The instructor will not re-teach material, therefore there is no charge for make-up work. For information regarding make-up work, please consult the current edition of the catalog and applicable student handbook.

**INSTRUCTOR RESPONSIBILITIES:**

1. At the beginning of each course, the instructor will provide a course syllabus to each student in the class.
2. The instructor will evaluate each student’s participation, assignments, assessments and projects based on the grading criteria published in the syllabus.
3. Accurate records of each student’s attendance and grades will be maintained by the instructor, and retained at the campus. Attendance will be reported at the conclusion of each class meetings; course grade averages will be reported at the mid-term and final weeks, as a minimum.
4. Unannounced quizzes and special projects may be given at the instructor’s discretion.

**STUDENT: TEACHER RATIO**

For information on maximum class capacity and student to teacher ratio for lecture and laboratory courses, please consult the current edition of the catalog.

<th>Assignments</th>
</tr>
</thead>
<tbody>
<tr>
<td>Week 1</td>
<td>1-8</td>
<td><strong>Lecture 6 hours Lab 2 hours</strong>&lt;br&gt;Introduction to course, materials, publication &amp; review of syllabus; review Anatomy and Physiology of Cardiovascular system; cardiac cycle, conduction pathways; role of the ECG Aide, purpose of Electrocardiograms. Discuss terminology associated with ECGs, demonstrate equipment and supplies required for ECG; orientation of ECG exam room/lab.</td>
<td>Text, lab instruction, lab equipt &amp; supplies</td>
<td>Assignments: Class notes, participation in lab activities; read Kinn’s Chapter 46.</td>
</tr>
<tr>
<td>Week 2</td>
<td>9-16</td>
<td><strong>Lecture 4 hours Lab 4 hours</strong>&lt;br&gt;Explain ECG Instrumentation; demonstrate lead placement and discuss/explain vectors; practice lead placement. Explain &amp; view normal ECGs; demonstrate calculating rate, introducerhythms. Practice calculating rate.</td>
<td>Text, lab instruction, lab equipt &amp; supplies</td>
<td><strong>Assessments:</strong> vocabulary quiz/test</td>
</tr>
<tr>
<td>Week 3</td>
<td>17-24</td>
<td><strong>Lecture 6 hours Lab 2 hours</strong>&lt;br&gt;Describe patient preparation for ECG tests; finding the heartbeat, taking an ECG. Practice ECGs. Naming rhythms, types of rhythms; clues to identifying rhythms.</td>
<td>Text, lab instruction, lab equipt &amp; supplies</td>
<td>Assignments: Class notes, participation in lab activities; read Cohn’s assigned chapters.</td>
</tr>
<tr>
<td>Week 4</td>
<td>25-32</td>
<td><strong>Lecture 1 hour Lab 3 hours</strong>&lt;br&gt;Describe 25 common dysrhythmias; practice ECGs. Explain and demonstrate charting ECGs; practice ECGs.</td>
<td>Text, lab instruction, lab equipt &amp; supplies</td>
<td><strong>Assessments:</strong> rhythms quiz</td>
</tr>
<tr>
<td>Week 5</td>
<td>33-40</td>
<td><strong>Lecture 3 hour Lab 5 hours</strong>&lt;br&gt;Practice reading ECGs. Recognizing interference, loose leads and other malfunctions; simulate identification of and correction of malfunctions &amp; interference.</td>
<td>Text, lab instruction, lab equipt &amp; supplies</td>
<td>Assignments: Class notes, participation in lab activities; review Kinn’s pp 947-948.</td>
</tr>
<tr>
<td>Week 6</td>
<td>41-48</td>
<td><strong>Lecture 1 hour Lab 3 hours</strong>&lt;br&gt;Recognizing; responding to emergency situations; simulate emergency response. Review of ECG technique, rhythms, rates, charting, lead placement, patient preparation &amp; education. Final Exam &amp; skills competence testing.</td>
<td>Text, lab instruction, lab equipment &amp; supplies</td>
<td><strong>Assessments:</strong> interference quiz</td>
</tr>
