## NCLEX-RN Performance of First Time Candidates Educated in Pennsylvania who Completed NCLEX in the U.S.

NCLEX results are reviewed at the end of each examination year. An examination year extends from October 1 of one year to NCLEX results are reviewed at the end of each examination year. An examination year extends from October 1 of one year to September 30 of the subsequent year. Exam Pass Rate revisions were published in the April 25, 2009 issue of the Pennsylvania Bulletin ([www.pabulletin.com](http://www.pabulletin.com)). These regulations apply to RN (§21.33b) and PN (§21.162b) prelicensure nursing education programs and were effective for the exam year beginning on October 1, 2009 through September 30, 2010, when a nursing education program shall achieve and maintain a minimum pass rate of 70% (prior to October 1, 2009 the pass rate was 60%) or more of its first-time examinees during the examination year. Beginning with the exam year October 1, 2010, a nursing education program shall achieve and maintain a minimum pass rate of 80% or more of its first-time examinees during an examination year. PA totals are greater than the sum of the columns; totals include graduates of closed programs and re-entry applicants. These statistics have been provided to the Pennsylvania Board of Nursing by the National Council of State Boards of Nursing.
