Pennsylvania Extends Renewal Deadlines for Certain Nursing Licenses

On March 27, 2020, due to the COVID-19 emergency, the Department of State requested, and Governor Wolf granted, the extension for 90 days of certain license renewal deadlines for licensees under the State Board of Nursing. This moved the renewal deadline from April 30, 2020, to July 29, 2020.

Due to licensees having difficulty meeting the July 29, 2020, deadline the Department requested an additional 30 days of renewal time for the following license types:

State Board of Nursing:

- Registered Nurse
- Clinical Nurse Specialist
- Certified Registered Nurse Practitioner
- Prescriptive Authority

The Governor approved this request. This will be the final extension for this cohort and there will be no additional extensions for this cohort. **All renewals are due for this group of licensees on August 28, 2020.**
