<p>NCLEX results are reviewed at the end of each examination year by the State Board of Nursing (Board). An examination year extends from October 1 of one year to September 30 of the subsequent year. Revisions to the exam pass rate regulations were published in final form in the April 25, 2009 Issue of the Pennsylvania Bulletin (<a href="http://www.pabulletin.com">www.pabulletin.com</a>). These regulations apply to RN (§21.33b) and PN (§21.162b) prelicensure nursing education programs. Beginning with the exam year October 1, 2010, a nursing education program is required to achieve and maintain a minimum pass rate of 80% or more of its first-time examinees during an examination year. PA totals are greater than the sum of the columns; totals include graduates of closed programs and re-entry applicants. These statistics have been provided to the Board by the National Council of State Boards of Nursing.</p>
