14 COVID-19 Emergency Declaration

15 [Ms. Pachter Schulder referred to Item 54 on the
16 Agenda and provided an overview of two sets of
17 documents, one being the Governor's waivers issued,
18 and the second being the Updated Directions document.
19 Ms. Pachter Schulder explained the waivers applicable
20 to nurse licensees.

21 With regard to reactivation, Ms. Pachter Schulder
22 explained that any licensee who would need to
23 reactivate an expired or inactive license that has
24 been expired or lapsed for less than five years would
25 not need to provide continuing education documentation

1 with regard to child abuse or pay any reactivation
2 fees during the pandemic.

3 Ms. Pachter Schulder explained that temporary
4 practice permits expiring between March 21, 2020, and
5 June 19, 2020, have been automatically extended for 90
6 days. She noted that because of the Board's ability
7 to issue temporary permits, applicants/graduates will
8 be able to practice during the pandemic. The Governor
9 did not issue any waivers of licensing requirements.
10 Temporary practice permits are being issued for one
11 year rather than waiving any license requirements.

12 She discussed that the Updated Directions on the
13 Board website provide guidance to RNs and PNs who are
14 licensed out of state, and the requirement that they,
15 like in-state applicants, apply for a temporary permit
16 and license simultaneously.

17 Ms. Pachter Schulder discussed that the
18 requirement that LPNs demonstrate 1500 hours of
19 education for licensure by endorsement and examination
20 have been waived during the emergency declaration.
21 She indicated that CRNP certifications by endorsement
22 for out-of-state applicants who have national
23 certification would not have to meet education
24 equivalency requirements. She noted that because the
25 national certification examinations are currently

1 suspended, the Governor is waiving the requirement
2 that applicants hold current national certification
3 during the pandemic, but that after the emergency
4 declaration has ended, all CRNP and CNS applicants
5 will then be required to provide documentation and
6 hold the certification.

7 She indicated the Governor waived provisions with
8 the Collaborative Agreement and the Prescriptive
9 Authority Collaborative Agreement (PACA) during the
10 emergency declaration. If a CRNP has a collaborative
11 agreement with a physician in a hospital or health
12 system, the CRNP may collaborate with other
13 collaborating physicians within the same hospital or
14 health system without written and signed collaborative
15 agreements. CRNPs may also collaborate with
16 physicians who are licensed in other states.

17 CRNP initial applications for prescriptive
18 authority will require the listing of only one
19 collaborative physician and one substitute rather than
20 the entire list of substitutes. If a CRNP has one
21 active PA PACA, the CRNP is permitted to collaborate
22 with a new Pennsylvania-licensed collaborating
23 physician for up to 6 months from the date the
24 prescriptive authority application is submitted to the
25 Board.

1 Board approval is not required for the following
2 changes once the changed agreement is executed between
3 the physician and the CRNP: addition or deletion of
4 drug categories, changes in controlled substances,
5 deletion or addition of substitute physicians, changes
6 to the circumstances and how often a physician sees a
7 patient and/or termination of the PACA.

8 Ms. Keiser added that the Board staff was
9 processing change forms related to controlled
10 substances so DEA would have the information displayed
11 on the website. She indicated additional changes to
12 the prescriptive authority collaborative agreements
13 were being processed, but Board approval was not
14 required to enact those changes.

15 Ms. Pachter Schulder reviewed additional emergency
16 declarations for CRNAs and CRNPs. She indicated
17 telemedicine was approved by the Governor and
18 additional information could be found on the website.]

19

20 Covid-19 Impact

21 [Ms. Pachter Schulder directed the Board to an inquiry
22 which asked whether Pennsylvania would issue temporary
23 licenses which the inquirer said was occurring in
24 Ohio. The Board will advise that it is granting
25 temporary permits for a one-year period.

1 She noted, in response to inquiries regarding how
2 clinical experience would be handled during the
3 pandemic, that correspondence was sent to all nursing
4 education programs acknowledging that many clinical
5 sites have suspended having students in their facility
6 and advising programs that it is their responsibility
7 to update the Board with their plan to assure that
8 curricular objectives are being met. Dr. Sue Petula is
9 reviewing the RN and PN Program plans, and Ms. Wendy
10 Miller and Ms. Leslie House are reviewing CRNP Program
11 plans.]

13 South Dakota State University College of Nursing
14 Reactivation Course Request Re: Accepting Simulation
15 Hours

16 [Previously the Board considered South Dakota State
17 University College of Nursing's (SDSU) request to
18 permit intermittent testing during the reactivation
19 program rather than at the conclusion. The Board
20 determined that 21.30a(a)(2) and 21.156(a)(2) require
21 a culminating examination at the end of the program.
22 SDSU is requesting, in light of the pandemic, that the
23 reactivation course take place via simulation rather
24 than hands-on patient care. The Board noted that this
25 request is similar to the one made by Northampton

1 Community College, which the Board ratified on the
2 same grounds during the COVID emergency.]

3 MS. PACHTER SCHULDER:

4 Is someone willing to make a motion to
5 accept simulation hours for the South
6 Dakota State University College of
7 Nursing's Reactivation Course during the
8 Covid-19 emergency?

19 the Board entered into Executive Session with Judith
20 Pachter Schulder, Esquire; Megan E. Castor, Esquire;
21 Carole Clarke Smith, Esquire; and Ariel O'Malley,
22 Esquire, at 9:58 a.m. for the purpose of conducting
