

NAB CE Registry and the PA NHA Board

The Pennsylvania Board of Examiners of Nursing Home Administrators (Board) is aware that the National Association of Long Term Care Administrator Boards (NAB) is offering a CE Registry for licensed nursing home administrators.

Please be advised that while the Board's regulations do not require a licensee to participate in the CE Registry offered by NAB, upon audit, the Board will accept the CE Registry to document completion of NAB approved continuing education. The Board cannot accept the CE Registry to verify any non-NAB-approved continuing education.

Please click [here](#) to review additional continuing education information.
