

## Prescriber Consent Form (Rev. 12/14)

The Long-Term Care Patient Access to Pharmaceuticals Act, (P.L.\_\_\_\_, No. 114) allows eligible patients in long-term care facilities, assisted living residences and personal care homes to acquire lower cost drugs through the Veterans' Administration. The pharmacy within the long-term care facility, assisted living residence or personal care home or that has a contract with the long-term care facility, assisted living residence or personal care home may receive the lower cost drugs directly from the Veterans' Administration drug benefit program in the patient's name and repackage and relabel those drugs so they may be dispensed in unit doses in compliance with the Food and Drug Administration, the United States Pharmacopeia and the policies and procedures of the long-term care facility, assisted living residence or personal care home to eligible patients in the long-term care facility, assisted living residence or personal care home.

I hereby authorize \_\_\_\_\_, a long-term care facility, assisted living residence or personal care home, to administer medications prescribed by me, for patient, \_\_\_\_\_, whose medications are provided by a drug source facility approved by, operated by, or operated under contract with the Veterans' Administration, and are repackaged, relabeled and dispensed in unit doses by the pharmacist employed by the long-term care facility, assisted living residence or personal care home or by a pharmacy who contracts with the long-term care facility, assisted living residence or personal care home to fill prescriptions for patients of the long-term care facility, assisted living residence or personal care home.
