

## **Special Notice**

### **Supervision Course Requirement for Primary Supervisors of Psychology Residents**

Effective December 1, 2015, §41.33(c)(1) of the Board's regulations goes into effect which requires primary supervisors of psychology residents to "complete either a course in supervision for a psychology doctoral degree program or 3 hours of continuing education in supervision."

To satisfy the requirement, the Board will accept the following:

- \* A course for a psychology doctoral degree program that contains the word "supervision" or a derivative of the word "supervision".
- \* A 3 hour continuing education course/program, offered by an APA approved sponsor of continuing education, that contains the word "supervision" or a derivative of the word "supervision" in the title of the course/program.
- \* Teach a course in supervision for a psychology doctoral degree program or teach 3 hours of continuing education in supervision that meets the above standard.
