23 Report of Regulatory Board Counsel

24 [Cynthia K. Montgomery, Esquire, Deputy Chief Counsel,  
25 Regulatory Counsel, Department of State, addressed

1 final rulemaking for 16A-6919 regarding child abuse  
2 reporting requirements. She stated she took the  
3 opportunity to make a few additional clarity edits  
4 prompted by comments that the Independent Regulatory  
5 Review Commission (IRRC) made on the State Board of  
6 Medicine and State Board of Nursing comparable  
7 rulemaking package to ensure consistency.

8 Ms. Montgomery noted she made all of the changes  
9 discussed at the last meeting and drafted the  
10 preamble. She added subsection (d) to §§ 47.58, 48.58,  
11 and 49.58 regarding the mandatory training requirement  
12 to clarify that any exemptions granted under  
13 subsection (c) are only applicable for the biennial  
14 renewal period for which the exemption is requested  
15 also explaining the process that boards use to notify  
16 applicants or licensees who have asked for an  
17 exemption request.

18 Ms. Montgomery stated the license will be issued  
19 if it is an applicant or renewed if it is a licensee  
20 if granted the exemption. She mentioned those denied  
21 the exemption will receive a discrepancy notice from  
22 Board staff by email notifying them of the need to  
23 complete an approved course or to submit additional  
24 documentation in support of their request for an  
25 exemption, which was a clarity edit to help licensees

1 understand the process.

2 Ms. Montgomery noted §§ 47.51, 48.51, and 49.51,  
3 where there was a slight edit to the definition of  
4 perpetrator to incorporate the defined term, "person  
5 responsible for the child's welfare."

6 Ms. Montgomery also noted the addition of two  
7 paragraphs in subsection (a) of §§ 47.52, 48.52, and  
8 49.52, which is the mandated reporting requirements,  
9 to aid in clarity and be consistent with the Child  
10 Protective Services Law.

11 Ms. Montgomery stated IRRC pointed out there was  
12 language in the Child Protective Services Law that was  
13 not included in the rulemaking notifying mandated  
14 reporters that the duty to report continues whether or  
15 not they actually see the child. She mentioned IRRC  
16 thought providing that language from the Child  
17 Protective Services Law would provide clarity and aid  
18 in consistency with the Child Protective Services Law.

19 Ms. Montgomery stated IRRC also noted language  
20 was excluded in § 6314 of the Child Protective  
21 Services Law from § 47.53, 48.53, and 49.53 requiring  
22 summaries or reports of the photographs be made  
23 available to law enforcement officials in the course  
24 of investigating child abuse that rises to the level  
25 of a crime. She noted the language was added to those

1 sections.

2 Ms. Montgomery noted clarification to language in  
3 §§ 47.58, 48.58, and 49.58 based on a question  
4 received from IRRC, where credit for completion of an  
5 approved course is applied to both licenses if a  
6 licensee holds more than one license issued by the  
7 Board or holds a license issued by another licensing  
8 board within the bureau that requires mandatory  
9 training.

10 Ms. Montgomery referred to subsection (c) of  
11 sections regarding exemptions. She discussed  
12 comparable training and the process for people who  
13 would be exempt if they take comparable training  
14 required by the public school code or otherwise  
15 required by the domestic relations code and Child  
16 Protective Services Law and added language that it has  
17 to be taken during the applicable biennial renewal  
18 period for which the exemption is being requested.

19 Ms. Montgomery also added subsection (d) to  
20 clarify that exemptions granted are applicable only  
21 for the biennial renewal period for which the  
22 exemption is requested.

23 MS. MONTGOMERY:

24 At this time, it would be appropriate  
25 for the chair to entertain a motion to

1                   approve the final-form rulemaking as  
2                   presented.

3 CHAIR CORBY:

24 [Christian Jordal, Ph.D., LMFT, addressed his  
25 attendance at the Commission for Accreditation of

1 Marriage and Family Therapy Education (COAMFTE)  
2 workshop related to the upcoming version 12.5  
3 standards, which take effect on January 1, 2022. He  
4 stated the standards include the option for programs  
5 to early adopt those standards and as part of that  
6 early adoption it requires course content and  
7 potentially clinical delivery of hours virtually.

8 Dr. Jordal commented that it is going to be  
9 something the Board will run into, as it relates to a  
10 lack of clear definition in the regulations of  
11 teletherapy and teletherapy supervision.

12 Chair Corby requested information regarding  
13 pending regulations.

14 Ms. Black commented that the Regulatory Analysis  
15 Form (RAF) is being completed but requires updates and  
16 research.

17 Chair Corby questioned whether there was any  
18 reason the Board could not make immediately the  
19 application of the supervision because the Board  
20 agreed that supervision could be done electronically.

21 Ms. Black requested more information on the  
22 regulation.

23 Ms. Matter explained that it is a new regulation  
24 to allow individuals to perform teletherapy  
25 supervision and would have to go through the

1 regulatory process.

2 Ms. Black will review the language of the  
3 proposed language in conjunction with what is  
4 currently in existence and provide a definite answer  
5 once she looked at both of those.

6 Ms. Matter referred to § 48.13(b)(5), where it  
7 says it has to be in person, and noted the Board wrote  
8 a new section about the requirements for teletherapy  
9 and how that is to be completed in the proposed  
10 regulations.

11 Chair Corby commented that regulation concerning  
12 supervision would be helpful for everybody, especially  
13 since COVID waivers are going to stop at the end of  
14 October.

15 Dr. Jordal stated the Board might see accredited  
16 MFT programs move toward the new standards, including  
17 possible early adoption in order for students to be  
18 able to do some of their hours virtual, both clinical  
19 delivery of services and supervision

20 Dr. Jordal commented that the Board may be faced  
21 with future applications, where the Board may not be  
22 able to differentiate what is face-to-face in person,  
23 versus virtual clinical hours, as well as face-to-face  
24 supervision, and virtual supervision. He mentioned  
25 there may be applicants who have some hybrid of both,

1 and the Board does not appear to have a way to  
2 differentiate that or confirm what they would accept  
3 at this point.

4 Ms. Matter referred to § 48.2(6) under practicum,  
5 where it is a minimum of 1 year, 300 hours of  
6 supervised direct client contact with individuals,  
7 couples, and families.

8 Chair Corby stated it did not state face-to-face  
9 because teletherapy is direct. She commented that the  
10 Board does not have to worry about it because of the  
11 way the regulation is stated but that it is probably  
12 going to be true for professional counselors and  
13 social workers. Dr. Kraus expressed concern with  
14 having different standards for the three professions  
15 and suggested Ms. Black make sure whatever she looks  
16 into that it includes licensed professional  
17 counselors, licensed marriage and family therapists,  
18 and licensed social workers.

19 Commissioner Johnson addressed the current waiver  
20 in place requested by the Board with respect to the  
21 composition of the supervision hours. He stated it  
22 needs to be identified in the ongoing discussions  
23 administration and legislature are having with respect  
24 to identifying waivers that need to survive beyond the  
25 September 30 deadline because after October 1, they

1 will take shape or form permanently, either  
2 substantively in an amendment to a practice act or an  
3 amendment to existing regulatory language.

4 Commissioner Johnson noted the question currently  
5 is how is the administration or the general assembly  
6 is going to implement fast-tracking the various  
7 waivers. He commented that the discussion would  
8 provide the record for not just the policy staff but  
9 executive directors for the Professional Licensure  
10 Committee to be able to message the general assembly  
11 that this is a priority across all of the disciplines.  
12 He thanked Dr. Jordal for his research.

13 Chair Corby noted the Board would appreciate  
14 Commissioner Johnson conveying their desire for  
15 ongoing teletherapy supervision past the October 1,  
16 2021 date.]

17 \*\*\*

18 Report of Commissioner  
19 [K. Kalonji Johnson, Commissioner, Bureau of  
20 Professional and Occupational Affairs, also thanked  
21 Dr. Jordal for his wonderful presentation concerning  
22 coping strategies.

23 Commissioner Johnson addressed attendance at  
24 regional and national conferences and conventions. He  
25 noted requests for physical travel will be considered,

1 along with the safety of Board members. He mentioned  
2 there are considerations with respect to a preference  
3 for virtual participation but also wanted to continue  
4 to encourage as much participation from the Board as  
5 possible, where one or two Board members traveling  
6 physically but then allowing the rest of the Board to  
7 attend virtually.

8 Commissioner Johnson suggested requests be  
9 submitted as soon as possible, so those considerations  
10 could be made in a timely manner.

11 Chair Corby noted more people from the public are  
12 attending virtual Board meetings, which saves money  
13 for the commonwealth, and requested information  
14 concerning future Board meetings.

15 Commissioner Johnson commented that much work was  
16 being done to ensure technology is in place on October  
17 1, 2021. He stated many boards and commissions have  
18 physical presence requirements in the practice acts  
19 themselves with regard to board meetings and quorum,  
20 including the State Board of Social Workers, Marriage  
21 and Family Therapists, and Professional Counselors.

22 Commissioner Johnson noted it has been part and  
23 parcel of the conversation around why certain aspects  
24 of the waivers are so important and why there needs to  
25 be discussion with the general assembly to rethink

1 some of the existing language because when the  
2 practice act was executed, virtual board meetings were  
3 not conceived.

4 Commissioner Johnson thanked the Board for  
5 voicing their concern over the state of the waivers  
6 and voicing support for benefits of the virtual  
7 platform in light of all of the hardships over the  
8 last 15 months.

9 Commissioner Johnson mentioned that there is a  
10 likelihood of going back to Penn Center if the  
11 specific requests to amend the various practice acts  
12 cannot be made by the end of September by the general  
13 assembly.

14 Chair Corby commented that since the Board  
15 meeting would have to take place in Harrisburg, that  
16 could mean two Board members being there and the  
17 others not.

18 Commissioner Johnson explained that it would come  
19 down to the interpretation in Harrisburg for a quorum  
20 and is leaving that in the hands of the Office of  
21 Chief Counsel. He noted the intent of the act is  
22 ensuring enough Board members are able to  
23 substantively participate for a quorum, noting the  
24 general assembly could provide some sort of  
25 remediation over the next 90 days instead of fighting

1 about this in an administrative court.

2 Commissioner Johnson noted it could be argued  
3 that the presence requirement is satisfied with  
4 synchronous video and audio.

5 Dr. Elberfeld requested information regarding  
6 vacancies on the Board.

7 Commissioner Johnson addressed prior discussions  
8 with administration regarding prioritizing not only  
9 the vacancies but also members who are currently  
10 serving until successor qualifies (USQ) to retain  
11 those prized members. He commented that all boards  
12 struggle with public membership and have been having a  
13 greater struggle over the last 14-15 months trying to  
14 fill those positions.]
