A **"Dental Hygienist"** is one who is legally licensed as such by the State Board of Dentistry to perform those educational, preventive, and therapeutic services and procedures that licensed dental hygienists are educated to perform. Licensed dentists may assign to dental hygienists intra-oral procedures which the hygienists have been educated to perform and which require their professional competence and skill but which do not require the professional competence and skill of the dentist. Such assignments shall be under the supervision of a licensed dentist. Such performance of intra-oral procedures by licensed dental hygienists shall be in the private office of a dentist or public or private institution such as prescribed under section 11.9(b). Dental hygienists certified as public health dental hygiene practitioners may perform intra-oral procedures without the assignment of a dentist pursuant to section 11.9. The foregoing shall not be construed as authorizing the assignment of diagnosing, treatment planning and writing prescriptions for drugs or writing authorizations for restorative, prosthetic, or orthodontic appliances. The board shall issue rules setting forth the necessary education and defining the procedures that may be performed by dental hygienists licensed under this act including those procedures that may be performed under direct and general supervision. (Def. amended July 20, 2007, P.L.327, No.51)

The word **"board,"** as used in this act, means the State Board of Dentistry. (Def. amended July 20, 2007, P.L.327, No.51)

"General Anesthesia" is a controlled state of unconsciousness, including deep sedation, accompanied by the partial or complete loss of protective reflexes which includes the patient's inability to independently maintain an airway and respond purposefully to physical stimulation or verbal command, produced by a pharmacologic or nonpharmacologic method, or combination thereof. (Def. added Dec. 20, 1985, P.L.513, No.118) **"Analgesia"** means the diminution or elimination of pain in the conscious patient. (Def. added Dec. 20, 1985, P.L.513, No.118)

"Analgesia" means the diminution or elimination of pain in the conscious patient. (Def. added Dec. 20, 1985, P.L.513, No.118)

"Conscious Sedation" means a minimally depressed level of consciousness which retains the patient's ability to independently and continuously maintain an airway and respond appropriately to physical stimulation or verbal command, produced by a pharmacologic or nonpharmacologic method, or combination thereof. (Def. added Dec. 20, 1985, P.L.513, No.118)

"Expanded Function Dental Assistant" means an individual who holds a current valid certification under this act to perform reversible intraoral procedures authorized by this act under the direct supervision of a licensed dentist and under an assignment of duties by a dentist, as defined in section 11.8. An expanded function dental assistant may, under direct supervision, perform those procedures specified in section 11.10 and other reversible procedures not designated by this act to be

performed by licensed dentists or dental hygienists. For purposes of this definition, **“direct supervision”** shall mean that a dentist is in the dental office or treatment facility, personally diagnoses the condition to be treated, personally authorizes the procedure and remains in the dental office or treatment facility while the procedure is being performed and, before dismissal of the patient, personally evaluates the work performed. (Def. amended April 29, 2010, P.L.176, No.19)

“Foreign dental schools” means the dental schools which have not been approved by the Commission on Accreditation of the American Dental Association and which are located in countries other than the United States or Canada. (Def. added Dec. 20, 1985, P.L.513, No.118)

“Public Health Dental Hygiene Practitioner” means a licensed dental hygienist who may perform educational, preventive, therapeutic and intra-oral procedures which the hygienist is educated to perform and which require the hygienist’s professional competence and skill but which do not require the professional competence and skill of a dentist without the authorization, assignment or examination of a dentist, and who is certified by the State Board of Dentistry as having satisfied the requirements of section 11.9. Public health dental hygiene practitioners may only engage in professional practice in the practice sites enumerated in section 11.9(b). (Def. added July 20, 2007, P.L.327, No.51) (2 amended Feb. 9, 1984, P.L.23, No.9)

- (b) Any person whose license or certificate has expired for failure to make biennial registration over a period of more than five years shall apply to the board and may be required to submit to a reexamination in accordance with section 3. (3.1 added July 11, 1996, P.L.657, No.113)

Section 4. Fees.

- (a) The fee for an applicant for examination and licensure to practice dentistry or as a dental hygienist or certification for an

expanded function dental assistant in this Commonwealth shall be fixed by the board by regulation. It shall be the duty of all persons now qualified and engaged in the practice of dentistry and dental hygiene or as a certified expanded function dental assistant, or who shall hereafter be licensed or certified by the board, to renew biennially with said board, and pay for each such biennial renewal a fee which shall be fixed by the board by regulation.

- (b) All fees required pursuant to this act shall be fixed by the board by regulation and shall be subject to the act of June 25, 1982 (P.L.633, No.181), known as the "Regulatory Review Act." If the revenues raised by fees, fines and civil penalties imposed pursuant to this act are not sufficient to meet expenditures over a two-year period, the board shall increase those fees by regulation so that the projected revenues will meet or exceed projected expenditures.
- (c) If the Bureau of Professional and Occupational Affairs determines that the fees established by the board are inadequate to meet the minimum enforcement efforts required by this act, then the bureau, after consultation with the board and subject to the "Regulatory Review Act," shall increase the fees by regulation in an amount that adequate revenues are raised to meet the required enforcement effort.
- (d) All fees, fines and penalties collected under the provisions of this act shall be paid into the Professional Licensure Augmentation Account established pursuant to and for use in accordance with the act of July 1, 1978 (P.L.700, No.124), known as the "Bureau of Professional and Occupational Affairs Fee Act." (4 amended Dec. 27, 1994, P.L.1361, No.160)

Section 4.1. Reason for Refusal, Revocation or Suspension of License or Certificate.

- (a) The board shall have authority, by majority action, to refuse, revoke or suspend the license of any dentist or dental hygienist or certificate of an expanded function dental assistant for any or all of the following reasons:
 - (1) Failing to demonstrate the qualifications or standards for a license contained in this act or regulations of the board.
 - (2) Making misleading, deceptive, untrue or fraudulent representations.
 - (3) Practicing fraud or deceit in obtaining a license to practice dentistry or dental hygiene or certificate for expanded function dental assisting or making a false or deceptive biennial renewal with the board.
 - (4) Having been found guilty of a crime or misdemeanor involving moral turpitude or having been found guilty of

a felony in violation of the laws of this Commonwealth or any other state, territory or country. For purposes of this clause.(4), the phrase "having been found guilty" shall include a finding or verdict of guilt, an admission of guilt or a plea of nolo contendere.

- (5) Having a license to practice dentistry or dental hygiene or certificate for expanded function dental assisting revoked, suspended or having other disciplinary action imposed or consented to by the proper licensing authority of another state, territory or country or his application for license refused, revoked or suspended by the proper licensing authority of another state, territory or country.
- (6) Violating any of the provisions of this act or of a lawful regulation promulgated by the board or violating a lawful order of the board previously entered by the board in a disciplinary proceeding.
- (7) Knowingly maintaining a professional connection or association with any person who is in violation of this act or regulations of the board or knowingly aiding, assisting, procuring or advising any unlicensed person to practice dentistry or dental hygiene or uncertified person for expanded function dental assisting contrary to this act or regulations of the board.
- (8) Engaging in unprofessional conduct. For purposes of this clause (8), unprofessional conduct shall include any departure from, or failure to conform to, the standards of acceptable and prevailing dental or dental hygiene practice and standard of care for expanded function dental assistants in which proceeding actual injury to the patient need not be established.
- (9) Committing an act of gross negligence, malpractice or incompetence or repeated acts of negligence, malpractice or incompetence.
- (10) Engaging in false, misleading or deceptive advertising.
- (11) Being unable to practice dentistry or as a dental hygienist or as an expanded function dental assistant with reasonable skill and safety to patients by reason of illness, drunkenness, excessive use of controlled substances, chemicals or any other type of material, or as the result of any mental or physical condition. In enforcing this clause (11), the board shall, upon probable cause, have authority to compel a dentist, dental hygienist or expanded function dental assistant to submit to a mental or physical examination by physicians designated by the board. Failure of a dentist, dental hygienist or expanded function dental assistant to

submit to such examination when directed by the board, unless such failure is due to circumstances beyond his control, shall constitute an admission of the allegations against him, consequent upon which a default and final order may be entered without the taking of testimony or presentation of evidence. A dentist, dental hygienist or expanded function dental assistant affected under this clause (11) shall, at reasonable intervals, be afforded an opportunity to demonstrate that he or she can resume a competent practice of dentistry, dental hygiene or as an expanded function dental assistant with reasonable skill and safety to patients.

- (b) When the board finds that the license or certificate of any person may be refused, revoked or suspended under the terms of this section, the board may:
- (1) Deny the application for license or certificate.
 - (2) Administer a public reprimand.
 - (3) Revoke, suspend, limit or otherwise restrict a license or certificate as determined by the board. Unless ordered to do so by a court, the board shall not reinstate the license of a person to practice dentistry, or as a dental hygienist or certificate of an expanded function dental assistant, which has been revoked, and such person shall be required to apply for a license or certificate after a five-year period in accordance with section 3, if he or she desires to practice at any time after such revocation. Any person whose license or certificate has been suspended or revoked because of a felony conviction under the act of April 14, 1972 (P.L.233, No.64), known as "The Controlled Substance, Drug, Device and Cosmetic Act," or similar law of another jurisdiction, may apply for reinstatement after a period of at least ten (10) years has elapsed from the date of conviction. The board may reinstate the license or certificate if the board is satisfied that the person has made significant progress in personal rehabilitation since the conviction such that his reinstatement should not be expected to create a substantial risk of harm to the health and safety of his patients or the public or a substantial risk of further criminal violations and if the person meets all other licensing or certifying qualifications of this act, including the examination requirement.
 - (4) Require a licensee or certified expanded function dental assistant to submit to the care, counseling or treatment of a physician or psychologist designated by the board.

- (5) Require that a licensee or certified expanded function dental assistant successfully complete a course of educational training and testing as directed by the board.
 - (6) Restore or reissue, in its discretion, a license to practice dentistry or dental hygiene or certificate for an expanded function dental assistant and impose any disciplinary or corrective measures which it might originally have imposed.
 - (7) Suspend enforcement of its findings thereof and place a licensee or certified expanded function dental assistant on probation with the right to vacate the probationary order for noncompliance.
 - (8) Order any person found to have violated any provision of this act or the regulations governing the practice of dentistry to restore to any patient aggrieved by an unlawful act or practice, any moneys or property, real or personal, acquired by means of such act or practice, provided the board shall not order restitution in a dollar amount greater than those moneys received by the licensee or his agent.
- (c) All actions of the board shall be taken subject to the right of notice, hearing and adjudication and the right of appeal therefrom in accordance with Title 2 of the Pennsylvania Consolidated Statutes (relating to administrative law and procedure).
- (d) The board shall temporarily suspend a license or certificate under circumstances as determined by the board to be an immediate and clear danger to the public health or safety. The board shall issue an order to that effect without a hearing, but upon due notice, to the licensee or certified expanded function dental assistant concerned at his last known address, which shall include a written statement of all allegations against the licensee or certified expanded function dental assistant. The provisions of subsection (c) shall not apply to temporary suspension. The board shall thereupon commence formal action to suspend, revoke or restrict the license or certificate of the person concerned as otherwise provided for in this act. All actions shall be taken promptly and without delay. Within thirty days following the issuance of an order temporarily suspending a license or certificate, the board shall conduct, or cause to be conducted, a preliminary hearing to determine that there is a prima facie case supporting the suspension.
