DEPARTMENT OF STATE

**DECERTIFICATION OF LEGACY ELECTRONIC VOTING SYSTEMS BY THE
SECRETARY OF THE COMMONWEALTH OF PENNSYLVANIA**

The Secretary of the Commonwealth has determined that the following legacy electronic voting systems approved for use prior to January 1, 2018 no longer meet acceptable Commonwealth security standards. Therefore, in the Secretary's opinion, these electronic voting systems can no longer be safely used by voters at elections, as provided in the Election Code, and no longer meet all of the requirements set forth in the Election Code. Accordingly, pursuant to Section 1105-A of the Election Code, 25 P.S. § 3031.5, these electronic voting systems, including all hardware and software components thereof, are decertified for use in elections in this Commonwealth:

- Hart eScan;
- Hart eSlate;
- Danaher 1242;
- ES&S iVotronic;
- AccuVote TSX with GEMS;
- Sequoia Edge II;
- Sequoia Advantage;
- AccuVote TSX with Assure;
- AccuVote TSX 4.6.4 with GEMS 1.18.25.109;
- ES&S EVS, Version 5.2.0.0 and 5.2.0.3; and
- ES&S Unity, Version 3.4.1.0.

Any county boards of elections that have not yet done so should comply with guidance from the Department of State regarding decommissioning of the above-listed electronic voting systems to meet requirements of the Help America Vote Act (HAVA).
