State Architects Licensure Board

March 10, 2021

The regularly scheduled meeting of the State Architects Licensure Board was held on Wednesday, March 10, 2021. Philip M. Leinbach, RA, President, called the meeting to order at 9:03 a.m.

William J. Bates, RA, was not present during commencement of the meeting.

Roll Call

[Roll call was taken by Vice President Hamm. A quorum was noted to be present.]

[Theodore Stauffer, Executive Secretary, Bureau of Professional and Occupational Affairs, reminded everyone that the meeting was being recorded, and those who remained on the line were giving their consent to be recorded.]

Introduction of Attendees

[President Leinbach requested Mr. Stauffer have attendees identify themselves.]

Approval of minutes of the January 7, 2021 meeting

1 PRESIDENT LEINBACH:

2 Our first matter of business is approval
3 of the minutes from the January 7, 2021
4 meeting.

5 If I could first have a motion and
6 a second, then we can have discussion on
7 those minutes. Is there a motion?

8 MR. ROLLER:

9 Motion to approve.

10 MR. PILIGIAN:

11 Second.

12 PRESIDENT LEINBACH:

13 Discussion?

14 [The Board discussed corrections to the minutes.]

15 PRESIDENT LEINBACH:

16 Are there any comments or questions from
17 any other Board members? Hearing none.
18 Mr. Hamm, would you take a roll call
19 vote?

20
21 President Leinbach, yes; Commissioner
22 Johnson, yes; Vice President Hamm, yes;
23 Mr. Hough, yes; Ms. McClenaghan, yes;
24 Mr. Piligian, yes; Secretary Roller,
25 yes.

1 [The motion carried unanimously.]

2 ***

3 Report of Prosecutorial Division

4 [Tiffany A. Raker, Esquire, Board Prosecution Liaison,
5 had nothing new to report but offered to answer any
6 questions from Board members. She noted hearings were
7 scheduled for later in the meeting.]

8 ***

9 Report of Board Counsel

10 [C. William Fritz II, Esquire, Board Counsel, provided
11 a status of cases report for the Board's review. He
12 noted one open disciplinary file. He mentioned three
13 of the four provisional denials appealed, and three of
14 those hearings were scheduled for later in the
15 meeting. He had not heard anything regarding one of
16 the provisional denial letters.

17 Mr. Piligian mentioned difficulties with the mail
18 service and suggested placing language on the record
19 as official regarding how much time is given to
20 applicants to return their documents.

21 Mr. Fritz explained that checks the postmark date
22 and allows a couple weeks past the 30 days.]

23 ***

24 Regulations/Statute

25 [C. William Fritz II, Esquire, Board Counsel, had

1 nothing new to report regarding regulations. He
2 stated Act 41 went to the Attorney General for
3 recommendations. He awaited the engineer example to
4 be cleared and then would complete the Board's and
5 landscape architects at the same time.

6 Mr. Fritz addressed the electronic seals and
7 signatures regulation, noting he would address
8 comments from the Independent Regulatory Review
9 Commission (IRRC) and send it forward.]

10

11 Report of Commissioner

12 [K. Kalonji Johnson, Commissioner, Bureau of
13 Professional and Occupational Affairs, mentioned prior
14 Board discussion at the last meeting regarding
15 utilizing the money in the financial fund to directly
16 support students through merit scholarships. He
17 provided an update after Board Counsel's research,
18 stating that the practice act is clear with regard to
19 limitations of the monies in the Professional
20 Licensure Augmentation Account.

21 Commissioner Johnson referred to the Bureau of
22 Professional and Occupational Affairs (BPOA) Fee Act
23 Section 301, where it very specifically states the
24 Board does not have the authority or legislative
25 permission to use those monies other than for direct

1 expenses related to the function of bureau and the
2 function of the Board.

3 Commissioner Johnson mentioned the Board's
4 concerns regarding travel expenses and not receiving
5 reimbursements in a timely manner, noting most of
6 those concerns had been addressed.

7 Commissioner Johnson noted having active
8 discussions with vendors regarding the Board's request
9 to bring back wall certificates and expand
10 functionality. He stated the process was moving and
11 encouraged that the Board would be able to find a
12 technological solution that enables licensees to have
13 more control in showing their qualifications and allow
14 for decorate certificates so individuals could have
15 printed and digital options to be able to safely and
16 securely show the public they are qualified.

17 Commissioner Johnson also mentioned prior
18 discussion concerning utilizing a Response Code (QR)
19 or barcode to relay information to anyone with a
20 smartphone and will continue to update the Board.

21 President Leinbach stated that perhaps the
22 scholarship option and maybe change in legislation can
23 start being affected by the American Institute of
24 Architects Pennsylvania (AIA PA) looking at those
25 funds and making that a legislative initiative.

1 President Leinbach mentioned that Maryland
2 initiated an electronic online renewal format and
3 questioned whether that was something BPOA would
4 consider for saving costs on licenses, so funds saved
5 could perhaps revert to helping with expenses related
6 to a wall certificate.

7 President Leinbach thanked Commissioner Johnson
8 concerning the per diems turnaround and reimbursement.

9

10 [William J. Bates, RA, entered the meeting at
11 9:24 a.m.]

12

13 Mr. Piligian questioned whether the funds could
14 be used for functions at schools promoting the Board
15 and licensing, like a dinner to talk about the
16 profession and role of Pennsylvania State Architects
17 Licensure Board.

18 Commissioner Johnson commented that conducting
19 Board business away from the office was permitted but
20 cautioned the Board regarding a dinner and such events
21 like that, which are outside the purview of what the
22 Board can and cannot do.

23 President Leinbach explained that prior to the
24 COVID situation, the Board consistently had
25 invitations with NCARB to speak on behalf of the

1 Commonwealth, particularly to National Architectural
2 Accrediting Board (NAAB) schools. He noted the Board
3 could create a meeting hosted in a virtual format and
4 engaging for a brief time with a specific NAAB school.

5 Commissioner Johnson noted being willing to
6 accommodate the Board in however they would like to
7 structure that depending on the level of interest and
8 physical capacity.

9 Commissioner Johnson recognized Ted Stauffer for
10 his work regarding the per diem, noting he has done an
11 outstanding job in tracking that down and ensuring it
12 will continue in a timely manner.

13 President Leinbach questioned whether Jerry
14 Roller or Mary McClenaghan received an update
15 concerning reappointments. Ms. McClenaghan and Mr.
16 Roller have both submitted their applications to the
17 Governor's Office but had not heard anything.

18 Commissioner Johnson noted that all of the
19 information was received and the department did their
20 due diligence with regard to any background materials.
21 He commented that the Until Successor Qualifies (USQ)
22 period is for 6 months from April and has full
23 confidence that their reconfirmations would be moved
24 before that expires.]

25

1 Miscellaneous - Recognition of Casey Scheetz
2 [Philip M. Leinbach, RA, President, addressed a
3 milestone for the Board, Drexel, and Casey Scheetz as
4 the first integrated path to licensure (IPAL) licensee
5 for the state of Pennsylvania. He noted Drexel as one
6 of the initial IPAL programs approved by NCARB, and
7 Casey Scheetz with the guidance and encouragement of
8 Rachel Schade and Alan Greenberger, as the first IPAL
9 applicant who has been approved.

10 Rachel Schade, Associate Teaching
11 Professor/Associate Director for Student Placement,
12 Drexel University Department of Architecture Design,
13 commented that Drexel was asked by NCARB to attend a
14 conference to talk about the way Drexel delivers
15 education in schools that actively engage students in
16 a professional environment while attending classes.

17 Ms. Schade stated that NCARB had been trying to
18 figure out a way to shorten the distance of licensure
19 for years, which made it a natural fit for Drexel
20 because they are one of the first programs in the
21 country to let students take exams while still
22 enrolled.

23 Ms. Schade noted being proud of Casey, stating
24 she was determined in keeping up with school work
25 while maintaining a full-time job and passing four of

1 the six exams. She mentioned that Casey did not
2 complete all of the exams while in school, but IPAL
3 allows students to take exams as long as they are
4 still in the 5-year grace period. She stated Casey
5 passed her final two exams last summer.

6 Ms. Casey Scheetz commented that she focused on
7 exams in the summer and was studying for the exam and
8 taking a couple throughout the year when it aligned
9 with some of the courses she was taking. She noted it
10 took over 6 years from the time she started Drexel to
11 gaining a license.

12 President Leinbach congratulated Casey and
13 encouraged her to continue to be an advocate for the
14 program. He requested information from Ms. Schade
15 concerning any changes or feedback she may have that
16 could be relayed to NCARB.

17 Ms. Schade commented that the framework was
18 terrific and a good balance between encouraging this
19 but not pushing it. She mentioned cost and access to
20 study materials as being a hurdle. She stated that
21 Drexel had confidence that Casey was the right person
22 to represent IPAL in Pennsylvania and would do
23 everything to support her career going forward.

24 President Leinbach stated that NCARB attempted to
25 reduce the cost of exam study materials and

1 considering other alternative paths to reach the goal
2 of licensure. Several Board members also
3 congratulated Casey.

4 Bernadette Scheetz thanked all for allowing Casey
5 to have this path. She stated Casey had been
6 incredibly diligent, focused, and determined to get
7 her license in this manner and could not have done it
8 without Drexel and Ms. Schade. She thanked everyone
9 for Casey's recognition and looked forward to seeing
10 what Casey could do for the world of architecture.

11 Amal Mahrouki, Director of Legislative Affairs,
12 American Institute of Architects Pennsylvania,
13 congratulated Casey and offered assistance as she
14 navigated through the next phase in her career. She
15 noted her story to be inspiring for other emerging
16 professionals in the state on the path to licensure
17 and would love to share her story.

18 Ms. Mahrouki noted the cost of the Architect
19 Registration Examination (ARE) and study guides was
20 burdensome, stating that AIA Pennsylvania did have a
21 scholarship fund and an ARE grant funded every year
22 with the potential for that fund to grow if the need
23 was there.]

24 ***

25 Report of Board President

1 [Philip M. Leinbach, RA, President, addressed the
2 National Council of Architectural Registration Boards
3 (NCARB) Board of Directors (BOD) activity. He
4 mentioned Ms. McClenaghan was a candidate for the
5 position of the secretary in Region 2, but Bob
6 Cozzarelli will continue that position. He encouraged
7 Ms. McClenaghan to apply for one of the seats in
8 Region 2.

9 President Leinbach thanked Ms. McClenaghan and
10 noted the importance of having individuals from
11 Pennsylvania involved in the region to provide another
12 avenue of communication and to be a better Board.

13 President Leinbach referred Alfred Vidaurri's
14 request for members to join NCARB committees, noting
15 it to be a great way for Pennsylvania Board members to
16 get involved.

17 President Leinbach addressed his attendance at
18 the NCARB Regional Summit, noting the focus this year
19 to be diversity, equity, and inclusion (DEI).

20 President Leinbach announced a special NCARB
21 Meeting taking place May 12-14, 2021. He mentioned
22 the need to authorize a delegate to vote at that
23 meeting to allow electronic voting at the annual
24 business meeting to allow bylaws to be changed and
25 allow voting on resolutions. He stated that voting

1 for it not to pass would force electronic balloting
2 through the email process, making any amendments
3 difficult.]

11 [President Leinbach announced the NCARB Directors Call
12 is scheduled for April 19, 2021, at noon, and those
13 interested in joining should look for an email from
14 Judy Belcher.

15 President Leinbach noted the need for discussion
16 regarding attendance at NCARB's 2021 Annual Business
17 Meeting. He noted NCARB was planning on a hybrid
18 meeting that would permit in-person and remote
19 attendance but is yet to be determined. This will be
20 a subject of discussion at the Board meeting in April.

21 Commissioner Johnson encouraged virtual
22 attendance to ensure the number seeking to attend
23 could be met.

24 President Leinbach noted the full slate of Board
25 members wish to attend at this point in time and

1 requested that be submitted for approval. He stated
2 discussion concerning the voting delegate and
3 resolutions could be discussed at the May meeting. He
4 would support the NCARB Model Law update. He also
5 noted NCARB continued to support sunseting the 2000
6 resolution that stood against licensing interior
7 designers.

8 President Leinbach also addressed limiting the
9 term of office for Board members to 2 years for the
10 board of directors for director positions, noting a
11 big push back from the Member Board Executive (MBE)
12 community.

13 President Leinbach stated there were a number of
14 jurisdictions that will not allow their MBEs to sit on
15 the NCARB Board of Directors, so they are limited with
16 the available personnel. There was a ripple of
17 questions of the availability of public members and
18 interest for that role. He mentioned the possibility
19 of it being amended to just apply to the regional
20 directors and at-large directors being proposed and
21 leaving the public and the MBE director positions at 3
22 years.

23 President Leinbach also addressed the other big
24 change to eliminate the position of second vice
25 president and combine the secretary and treasurer

1 positions, which would open two at-large seats.

2 Mr. Roller commented that there was nothing about
3 the practice of interior design that required
4 licensure for protection of health, safety, and
5 welfare and opened the practice of architecture to
6 people who want to practice architecture light as
7 interior designers. He suggested leaving that
8 resolution as it is.

9 President Leinbach noted NCARB's position to
10 sunset that and change the language so the position of
11 NCARB is neutral.

12 Mr. Hamm disagreed with Mr. Roller, stating that
13 the conclusion of the NCARB Committee was to be
14 neutral. He stated it boiled down to practice acts
15 within the jurisdictions, and licensing was a state
16 issue, not a national issue.

17 Ms. McClenaghan agreed with Mr. Roller, stating
18 that NCARB is a collection of architects, and interior
19 designers were encroaching on the practice.

20 Mr. Piligian questioned whether a decision could
21 be made without knowing what the licensing law
22 requires and allows them to do. He stated the
23 licensing laws are to protect the public.

24 President Leinbach stated the resolution seeks to
25 strike that statement put in place in 2000 to say

1 NCARB stands opposed to the licensing of interior
2 designers. He mentioned the need for further
3 discussion of the resolutions at the May meeting and
4 make sure those resolutions will be put forth at the
5 annual business meeting (ABM) and circulated for
6 everybody's input. He noted the importance of being
7 clear for whoever will vote on half of Pennsylvania to
8 know the will of the Board.

9 President Leinbach noted the National Council of
10 Architectural Registration Boards correspondence for
11 the Board's review.]

12 ***

13 American Institute of Architects Update
14 [Philip M. Leinbach, RA, President, informed Ms.
15 Mahrouki that AIA National chose not to re-up its
16 membership in the Alliance for Professional Licensure
17 (ARPL). He stated NCARB is a member of that, along
18 with the Council of Landscape Architectural
19 Registration Boards (CLARB). He suggested AIA PA push
20 back to AIA National and encourage them to join.

21 President Leinbach commented that many state
22 components are not aware of the support ARPL provides
23 to not only NCARB but other professional organizations
24 and licensing groups lobbying on the Board's behalf
25 for protection of public health, safety, and welfare.

1 Amal Mahrouki, Director of Legislative Affairs,
2 American Institute of Architects Pennsylvania, stated
3 that AIA Pennsylvania is one of the state components
4 that relies on ARPL. She mentioned that she had
5 discussions with staff at AIA about the membership and
6 will follow up.

7 Ms. Mahrouki announced AIA Pennsylvania's
8 Architects Action Day is being replaced with
9 Architects Tele-Action Day on March 23, where AIA will
10 be discussing the reduction of the Statute of Repose
11 from 12 years to 6 years with legislators.

12 Ms. Mahrouki addressed House Bill 424 regarding
13 the Anti-Indemnification Act, noting that AIA has
14 worked with stakeholders in the House to amend that
15 bill to ensure architects cannot be held liable for
16 another party's negligence.

17 Ms. Mahrouki noted AIA Pennsylvania will be
18 weighing in on House Bill 325 scheduled for a vote in
19 the House Professional Licensure Committee on March
20 15, which would allow the commission or board to give
21 an advisory opinion. She noted AIA had not made a
22 public position yet but would be reviewing the bill.

23 Ms. Mahrouki addressed a co-sponsor memorandum
24 introduced by Representative Kathleen Tomlinson,
25 Representative Meghan Schroeder, and Representative

1 Frank Farry to license interior designers under the
2 Attorney General's Office to give them authority to
3 sign and affix their registration number to
4 construction documents for permit, which would not be
5 under the jurisdiction or oversight of a board for any
6 type of disciplinary action.

7 Stephen M. Swarney, JD, Executive Director,
8 American Institute of Architects Pennsylvania,
9 announced the start of a lot of new committees,
10 including the Equity, Diversity, and Inclusion
11 Committee.

12 Mr. Swarney announced the AIA National Convention
13 is coming up in a few months, noting AIA PA had put
14 forth several resolutions aimed at pushing AIA
15 National to support the UDream Program started at
16 Carnegie Mellon under Dr. Erica Cochran Hameen. He
17 mentioned the Housing and Community Development
18 Subcommittee to deal with housing issues in
19 Pennsylvania.

20 Mr. Swarney noted progress on the state level for
21 bills and through policy and action in getting people
22 appointed to various state committees. He noted AIA
23 PA is able to make comments regarding resolutions.

24 President Leinbach suggested waiting to see what
25 comes out of the NCARB Board of Directors to see what

1 is on the agenda versus positing positions. He will
2 provide a copy of the resolutions to AIA for review
3 and comment at the May 5 meeting.

4 Mr. Swarney stated that some of the interior
5 designers are framing this issue and hinting that AIA
6 is trying to discourage and keep down women-owned
7 businesses, which would be a win for the groups. He
8 commented that it comes down to the details of the
9 bill and the bill AIA has seen consistently in
10 Pennsylvania expands their practice to signing and
11 sealing documents.

12 President Leinbach mentioned the licensing
13 falling under the Attorney General's Office, noting it
14 to cause huge consternation for code officials if it
15 would move forward, where the AG's office would be
16 weighing in against BPOA.

17 President Leinbach stated that licensure would be
18 better inside BPOA for any legislation that is in
19 place to be coordinated, where the Board could draft
20 specific language with regard to incidental practice.

21 Mr. Hamm commented that AIA National not renewing
22 their affiliation with ARPL is a mistake, noting ARPL
23 to be a strong advocate for the right people getting
24 licensed and protecting the health, safety, and
25 welfare of the public.

1 Commissioner Johnson thanked stakeholders for
2 having the conversation publicly and transparently. He
3 also noted having active participation with executive
4 directors of the oversight committees in both the
5 Senate and House.]

6

7 [Mr. Roller requested Ms. Li assemble a list of
8 initial licensees starting last summer and a list of
9 cases from the prosecutor's office or Mr. Fritz for
10 the annual newsletter. He welcomed suggestions from
11 Board members on other items for the newsletter
12 targeted for July.

13 Mr. Hamm will provide a public member corner
14 comment. President Leinbach will recognize Casey
15 Scheetz and provide an overview.

16 President Leinbach mentioned talking with the
17 NAAB schools in November and requested having another
18 discussion regarding having a Board meeting together,
19 either virtually or a face-to-face realm. Ms. Li will
20 provide an email for possibly the May meeting.]
