25 Report of Acting Commissioner

1 [K. Kalonji Johnson, Acting Commissioner, Bureau of
2 Professional and Occupational Affairs, addressed House
3 Bill 1172 regarding licensure by endorsement to make
4 it easier for out-of-state practitioners to come to
5 Pennsylvania. He explained the bill was designed to
6 remove burdens on licensure by endorsement and allows
7 for instances where a Board's Practice Act or
8 regulations may not be clear as to a vehicle for
9 endorsement. He stated the bill was going back the
10 House for final passage and suspects the bill should
11 be on the governor's desk before the end of the month.

12 Acting Commissioner Johnson further explained
13 that the bill would review out-of-state applicants who
14 are actively licensed for at least five years in
15 another jurisdiction, have to be absent of any
16 discipline on the license, and absent of any criminal
17 convictions.

18 Acting Commissioner Johnson stated the bill
19 allows for a board or commission to provide a
20 provisional license so they can practice while their
21 formal application was being approved. He noted that
22 in addition to the provisional license, it also
23 provides for a board or commission to grant licensure
24 by endorsement.

25 Acting Commissioner Johnson commented that the

1 bill was broader than reciprocity, noting that there
2 has to be a bilateral agreement between the two
3 jurisdictions with reciprocity. He stated the bill
4 would allow acceptance of individuals and not place
5 any conditions on the acceptance, where the other
6 state or jurisdiction would not have to accept our
7 candidates. He noted that the bill does not prohibit
8 us from entering into any reciprocal agreements.

9 Acting Commissioner Johnson mentioned that the
10 bill was born out of discussion concerning military
11 licensure portability for spouses that would expand to
12 all professions.

13 Acting Commissioner Johnson addressed the
14 Interstate Medical Licensure Compact signed by the
15 governor in 2018. He noted issues with the medical
16 compact that relate to the Department of Justice (DOJ)
17 policy relating to the National Crime Information
18 Center (NCIC) checks affecting Pennsylvania's ability
19 to go forward in the compact and believes the bill was
20 also designed to mitigate that hiccup.

21 Acting Commissioner Johnson stated the bill
22 differs from the compact in the sense that the compact
23 was designed for convenience for the applicant,
24 allowing them to apply for 12 jurisdictions at once,
25 where this bill strictly deals with Pennsylvania.

1 Chairman Loisel commented that the Board's
2 process was somewhat subjective when an applicant is
3 looking for licensure in Pennsylvania and many things
4 are all considered by the Board. He stated the Board
5 tends to let someone licensed in another state for
6 five years with no blemishes on their record and
7 absent of any other disciplinary action or anything
8 else being missing move through quickly. He noted
9 that the bill would codify the practices of the
10 Board.]

11

12 Report of Department of Health

13 [Arlene G. Seid, M.D., M.P.H., Medical Director of
14 Quality Assurance, on behalf of Rachel Levine, M.D.,
15 Physician General/Secretary of Health, stated the
16 Department of Health launched the first in the nation
17 research program for medical marijuana by announcing
18 three approved clinical registrants that included PA
19 Options for Wellness, affiliated with Penn State
20 College of Medicine in Hershey; Agronomed Biologics
21 LLC, affiliated with Drexel University College of
22 Medicine in Philadelphia; and MLH Explorations LLC,
23 affiliated with the Sidney Kimmel Medical College at
24 Thomas Jefferson University in Philadelphia.

25 Dr. Seid noted that the Department of Health will

1 bring together all eight clinical research centers and
2 three clinical registrants to discuss what research
3 they will be conducting and how they hope to help with
4 patient outcome in July. She mentioned that there are
5 currently more than 106,000 active certifications as
6 part of the medical marijuana program with more than
7 1,600 physicians who registered for the program.

8 Dr. Seid announced that Governor Wolf renewed his
9 emergency declaration regarding the opioid crisis to
10 coincide with National Recovery Month in September.
11 She commented that the Department of Health will be
12 again hosting a number of events to discuss the
13 importance of naloxone being widely available and to
14 provide free naloxone to designated centers.

15 Dr. Woodland commented that the Centers of
16 Excellence grants are now translated into a
17 sustainable model utilizing some insurance
18 reimbursement but does not cover all patients. He
19 questioned what the Department of Health was doing
20 regarding those gaps.

21 Dr. Seid stated the Department of Health's hope
22 to be able to cover all people in need but are not
23 there yet.

24 Dr. Woodland commented that the opioid use
25 disorder (OUD) is a crisis but also noted the

1 importance of looking at a generalized substance use
2 disorder (SUD).

3 Dr. Seid will take the information back to the
4 Department of Health.]

5

6 Report of Committee on Allied Health-Related
7 Professionals

8 [John M. Mitchell, L.P., C.C.P., mentioned the Allied
9 Health-Related Professionals Committee immediately
10 following the meeting to address physician assistant
11 issues.

12 Mr. Mitchell provided information from his
13 attendance at the Federation of State Medical Boards
14 (FSMB) Meeting. He discussed topics including sexual
15 borders, where a lot of Board members think these
16 physicians should be punished just like predators. He
17 provided rape statistics, noting that out of every
18 1,000 rapes, only 4.5% are convicted.

19 Mr. Mitchell discussed the new direction in
20 medical Boards, noting that Pennsylvania was only 1 of
21 14 states in the country that have a Board for
22 osteopathic medicine and allopathic medicine. He
23 mentioned that some of the Boards in other states that
24 were separate actually come together two or three
25 times a year to discuss common issues and suggested

1 the Board consider doing the same.

2 Mr. Mitchell noted that FSMB changed their
3 composition by adding an additional public member to
4 their Board but mandating that one of those three must
5 be serving on a state Board as a public member.

6 Mr. Mitchell stated the 31st state has passed the
7 Interstate Medical Licensure Compact and that
8 Executive Director Marschall Smith would be happy to
9 speak with the Board.

10 Mr. Mitchell addressed artificial intelligence
11 (AI) in medicine and concern from physicians of
12 whether it will replace physicians in the future for
13 diagnosing. He mentioned that FSMB has a group
14 working on AI, projecting 2029 to see exactly where AI
15 and physicians would come together.

16 Chairman Loiselle commented on the importance of
17 the national spotlight on the topic of boundaries as
18 well, noting that the Board has never taken lightly
19 nor issued discipline that was less than it should
20 have been for anyone involved in boundaries
21 violations, particularly when they relate to minors.

22 Chairman Loiselle also noted it to be good when
23 there is collaboration among Boards and has been
24 advocating for the Board to have a greater impact and
25 communication with the legislature, which is happening

1 thanks to Acting Commissioner Johnson and Marc
2 Farrell.

3 Dr. Woodland commented that the merge between the
4 American Osteopathic Association (AOA) and the
5 Accreditation Council for Graduate Medical Education
6 (ACGME) could be advantageous since the training would
7 be somewhat guided by the same accreditation process.

8 Mr. Maloney noted being on the Osteopathic
9 Medicine Board along with Dr. Seid from the Department
10 of Health and the fortuity to have Suzanne and Aaron,
11 the Board administrator for the Osteopathic Medical
12 Board, work together resolving issues.

13 Mr. Kovach suggested a joint committee meeting,
14 where everything would be done in public instead of
15 executive session so both sides are getting the same
16 perspective.

17 Dr. Domen commented that the training for these
18 two groups of physicians are basically the same, but
19 they may have totally different regulations as to how
20 somebody could practice a field like telemedicine.

21 Mr. Maloney stated there was a review of
22 regulations for each Board in the policy office or
23 Commissioner's Office, so if there were conflicts, it
24 would be worked out with policy discussions through
25 the Commissioner's Office and Board counsel. He noted

1 that the differences are brought back to the Boards to
2 consider changes.

3 Mr. Maloney noted discussion in legislation to
4 combine both Boards and to make a separate Board for
5 Allied Health.

6 Chairman Loiselles commented that there are a lot
7 of group practices where MDs and DOs are in the same
8 practice, and it would be disastrous if they were
9 following two separate sets of rules.]

10

11 Report of Committee on Legislation/Policy Development
12 and Review

13 [Keith E. Loiselles, Chairman, Public Member, noted the
14 need for better communication and more input from the
15 Board to the legislative branch and its process. He
16 discussed the importance of having input before
17 legislation makes it way out of either House and to
18 the governor's desk to avoid contradictions or
19 complications in the language of the legislature. He
20 commented that the various health committees in the
21 House and Senate should take advantage of the group
22 before corrections cannot be made.

23 Chairman Loiselles noted the Allied Health-Related
24 Professionals Committee Meeting immediately following
25 the regular session.]

1 ***

2 Report of Committee on Licensure Qualifications

3 [Keith E. Loisel, Chairman, Public Member, requested
4 Dr. Woodland discuss his other Board associations that
5 have a national focus.

6 Dr. Woodland currently serves as the Chair for
7 the Council on Resident Education in Obstetrics and
8 Gynecology, which is a group of the American College
9 of Obstetricians and Gynecologists. It sets all of
10 the standards for learning objectives for women's
11 health professionals in obstetrics and gynecology for
12 the country and is pretty much translatable to
13 different world organizations as well.

14 Dr. Woodland also sits at pretty much every
15 authoritative table of the country with the American
16 Board of OB/GYN, American College of Surgeons, and the
17 Association of Certified Nurse Midwives. He expanded
18 council representation to represent the
19 interprofessional education piece in medical education
20 for OB/GYN. He noted partnering with nurse midwives,
21 nurse practitioners, PAs, and ultrasound sonographers
22 as well the American Institute of Ultrasound in
23 Medicine (AIUM).

24 Dr. Woodland noted the vacancy on the Licensure
25 Qualifications Committee with Dr. Moran leaving, and

1 Dr. Domen volunteered for the committee.]

2 ***

3 Report of Board Vice Chairman

4 [Joseph E. Losee, M.D., Vice Chairman, announced an
5 agreement between Highmark and UPMC for 10 years that
6 allows Highmark members to seek care at UPMC.

7 Chairman Loiselle stated this issue would have
8 significantly impacted the quality of care for the
9 citizens of Pennsylvania if it had not been resolved
10 and thanked Governor Wolf who was deeply involved
11 regarding the agreement.]

12 ***

13 Report of Board Chairman

14 [Keith E. Loiselle, Chairman, Public Member, again
15 invited everyone to stay for the meeting after the
16 regular session. He noted having committees continue
17 to do the work of the Board. He mentioned that the
18 Board will be short two members after the July
19 meeting.]

20 ***

21 Report of Board/Regulatory Counsel

22 [Peter D. Kovach, Esquire, Board Counsel, referred to
23 16A-4956 regarding Practitioners of Oriental Medicine.
24 He stated he would like to move it through the formal
25 process if the Board did not have any concerns or

1 issues with the proposed regulation or the preamble.

2 Acting Commissioner Johnson noted that the
3 regulation package was circulated to members of
4 Governor Wolf's Advisory Commission on Asian Pacific
5 American Affairs who may have feedback in the near
6 future.

7 Ted Mowatt, Senior Associate, Wanner Associates,
8 representing the Association of Professional
9 Acupuncture, noted appreciation to the committee for
10 their efforts and stated the association is fully
11 onboard with the current regulations.]

4 [Peter D. Kovach, Esquire, Board Counsel, provided an
5 overview of the regulatory process.]

6 ***

7 [K. Kalonji Johnson, Acting Commissioner, Bureau of
8 Professional and Occupational Affairs, commented that
9 Deputy Chief Counsel Cindy Montgomery put together a
10 visual PowerPoint on the regulatory process and would
11 be willing to provide a presentation on the regulatory
12 process to the Board.

13 Chairman Loiselles commented that he welcomes her
14 to join a Board meeting to provide additional
15 information relative to how that process works.

16 Mr. Kovach noted tentative plans to wrap up
17 naturopathic regulations next month.]

18 ***

19 For the Board's Information/Discussion

20 [Keith E. Loiselles, Chairman, Public Member,
21 encouraged the Board to join other committees. He
22 discussed forming ad hoc committees for the purpose of
23 focusing on a particular topic by members with
24 expertise or willingness in those areas.

25 Chairman Loiselles noted upcoming Board meeting

1 dates for 2019 and 2020.
