9 Department of Health, presented before the Board for
10 discussion three new guidelines which are publicly
11 available on the Department of Health website for a
12 total of 14 prescribing guidelines for different
13 patient populations.

14 Ms. Roussel summarized the administration of low
15 dose ketamine, including practices for treatment
16 location and patient selection, infusion preparation,
17 dosing and patient monitoring. The second new
18 guideline is treating pain in patients with opioid use
19 disorder which addresses specific challenges that face
20 patients with OUD. The third guideline is the
21 treatment of acute and chronic pain in patients with
22 sickle cell disease and addresses the specific
23 challenges of that patient population.

24 Ms. Roussel indicated that all guidelines are
25 intended to assist healthcare providers improve

1 patient outcomes but are not meant to replace
2 individual provider clinical judgement. She noted
3 that the Board of Medicine will be affirming the
4 guidelines as voluntary guidelines only at its next

6 CHAIR LITMAN:

7 We've reviewed this in Executive Session.

21 Appointment - Act 53 of 2020 List of Relevant Crimes
22 [K. Kalonji Johnson, Commissioner, Bureau of
23 Professional and Occupational Affairs, explained that
24 in the summer of this year, Governor Wolf signed into
25 law Act 53 which significantly changed the way that

1 criminal history is used in the determination of
2 suitability for licensure. He indicated that along
3 with the provisions within Act 53, there is also
4 direction for himself to conduct a series of public
5 hearings whereby the Board would review the list of
6 crimes that are directly related to the profession
7 along with an opportunity for feedback from business
8 members of the profession.

9 Commissioner Johnson stated, under those
10 auspices, he was conducting these public hearings
11 along with Cynthia Montgomery, Esquire, Deputy Chief
12 Counsel, and respective Board Counsels. Board members
13 were requested to review the list for approval so the
14 list could be moved forward to publication and drafted
15 into proposed regulations.

16 Cynthia Montgomery, Esquire, Chief Deputy
17 Counsel, stated, under Section 3117 of Act 53, the
18 Commissioner has power and duty to publish a schedule
19 of criminal convictions that may constitute grounds to
20 refuse to issue, suspend or revoke a license or
21 certificate, registration, or permit for each
22 occupational or profession under the respective
23 Practice Act. Ms. Montgomery indicated these have to
24 be published by the end of the year.

25 She noted that stakeholders were provided the

1 information and invited to submit comments, and that
2 both this Board and the State Board of Medicine
3 received one comment by the Pennsylvania Medical
4 Society which noted that the lists were not identical
5 and noted they should be identical or at least very
6 close.

7 Ms. Montgomery stated a revised list of crimes
8 that may be an impediment to licensure was provided to
9 the Board. That under Section 3113 of Act 53 specific
10 crimes are listed that apply to this Board, the first
11 one being 3113(d) which is sexual offenses and crimes
12 of violence as provided in Section 3113(e). Ms.
13 Montgomery noted that there would be opportunity for
14 public comment when published as proposed rulemaking.
15 She referred to the preliminary list for further
16 discussion.

17 Mr. Suter clarified there are three lists for the
18 Board's review, the first being the list developed by
19 himself, comments from the Pennsylvania Medical
20 Society and the joint list that Ms. Montgomery
21 referred to with the Medical Board Counsel. There was
22 further discussion and questions regarding the crimes
23 list.

24 Commissioner Johnson explained that Section
25 2717(b) of Title 18 of the Consolidated Statutes

1 relates to acts of terrorism would be lumped in along
2 with the personal offenses.

3 Ms. Montgomery commented that the purpose of Act
4 53 is to be more transparent on how the Boards handle
5 criminal convictions in reviewing applicants for
6 licensure or in considering disciplinary action
7 against licensees. She noted that a Best Practices
8 Guide required under the Act would be prepared and
9 published and would inform applicants and licensees
10 how the Boards are going to be considering criminal
11 information in the future under Act 53. She had
12 further discussion regarding the matter.

13 Mr. Suter noted that discussion with Medical
14 Board Counsel revolved around should there be a
15 distinction based upon somebody's ethnic background
16 that shouldn't be on the list.

17 Commissioner Johnson stated one of the elements
18 of the Act clarifies for the potential applicant or
19 licensee that they have the right to present evidence
20 of mitigation related to a prior criminal history. He
21 noted that the Board would make the final decision as
22 to suitability for licensure. Board members had
23 questions.

24 Dr. Poggi requested that in the future additional
25 time be given to review information, and Mr. Suter

1 explained that with regard to this particular matter,
2 Commissioner Johnson is under a deadline pursuant to
3 the statute.

4 Members of the audience were invited to address
5 questions to Ms. Montgomery, Mr. Suter or Commissioner
6 Johnson. No questions were offered.

7 Ms. Montgomery indicated this list would be
8 published in the Pennsylvania Bulletin and on the
9 Board's website, made part of the Best Practices Guide
10 and part of the application for licensure.

11 DR. SWALLOW:

12 I move the approval of the List of Crimes
13 under Act 53 subject to any revisions or
14 amendments to that list that would be
15 brought back to the Board for review and
16 approval or disapproval.

17 CHAIR LITMAN:

18 Do I have a second to that motion?

19 [Members of the audience were again invited to ask
20 questions. No questions were offered.]

21 COMMISSIONER JOHNSON:

22 I would second the motion as put forth.

23 CHAIR LITMAN:

24 All in favor?

25 [The motion carried unanimously.]

3 Report of Regulatory Counsel

5 House Bill 2584

6 [Kenneth Suter, Esquire, explained House Bill 2584,
7 the Interstate Medical Licensure Compact, is for
8 informational purposes. He stated approval was given
9 to join the compact but it was not mandated, that when
10 Pennsylvania tried to join the compact there was an
11 issue with fingerprinting. This legislation would
12 resolve the whole fingerprinting problem so that
13 Pennsylvania can finally join the Interstate Medical
14 Licensure Compact.]

15

16 Senate Bill 1277

17 [Mr. Suter explained Senate Bill 1277, Informed
18 Consent, deals with informed consent for a pelvic
19 examination, rectal examination or prostate
20 examination and specifically mandates that the
21 healthcare provider is not permitted to perform this
22 type of exam unless it's knowingly and the patient is
23 consenting to the exam through a verbal and written
24 form.

25 Marc Farrell, Deputy Policy Director, Department

1 of State, noted that given that it's almost the end of
2 the legislative session, this would have to move
3 forward in the next legislative session if at all.
4 But he stated the Compact bill had already passed the
5 House unanimously and now was in the Senate.]

6

7 Proposed Rulemaking 16A-5335

8 [Mr. Suter explained Proposed Rulemaking 16A-5335 -
9 Licensure Qualifications has been sent out as an
10 exposure draft to stakeholders for comment. He noted
11 one comment received from the AOA said "good job" and
12 two comments were received with regard to rotations in
13 the various areas that should be an or. Mr. Suter
14 stated, in other words, an applicant would not have to
15 complete a rotation in each area. A rotation could be
16 conducted in maybe one of the areas, but stated his
17 understanding was the Board wanted the rotations in
18 all of the six areas, including internal medicine,
19 general surgery, pediatrics, family medicine,
20 emergency and obstetrics/gynecology. Board members
21 agreed to leave the matter stand as stated.]

22

23 Act 41 - Licensure by Endorsement

24 [Mr. Suter noted the Board had previously decided to
25 have practiced in the profession two of the five years

1 immediately seeing application or within the three
2 years immediately preceding the filing of the
3 application that you had to have passed the respective
4 examination depending on the type of license.

5 After conversation with Ms. Grey and Mr.
6 Hollinger it was noted that it doesn't work for
7 respiratory therapists and perfusionists so he wasn't
8 able to adopt language exactly like the other
9 professions in those two areas. He changed respiratory
10 therapist to initially credentialed as a certified
11 respiratory therapist technician on or after July 1 of
12 2002 because after that date a therapist and
13 perfusionist has to get so many credits. Mr. Suter is
14 hoping to get Board approval on that language.

15 Ms. Grey commented that someone such as herself
16 is not mandated by the NBRC but by the state
17 requirements for licensure. There was further
18 discussion.

19 MR. SUTER:

20 I would be looking for a motion to
21 approve the language as it now stands
22 with the changes to the licensure by
23 endorsement regulation.

24 DR. TURSI:

25 So moved.

1 DR. SWALLOW:

2 Second.

3 CHAIR LITMAN:

7 Report of Board Chair

8 [Randy G. Litman, D.O., Board Chair, noted he had
9 received less than five calls regarding difficulty
10 getting onto the licensure website to renew exams.
11 There was further discussion regarding calls received
12 and Mr. Hollinger indicated no widespread issues of
13 licensees completing renewals at this time.

14 Commissioner Johnson recommended that child abuse
15 continuing education be completed sooner rather than
16 later.

17 Mr. Hollinger provided an update with regard to
18 the current percentage of renewals completed and noted
19 that for physicians and surgeons it was 61 percent;
20 physician assistants, 57 percent; physician
21 acupuncturists, 74 percent.]

8 functions as Board members unimpeded.]

9 ***

10 Report of Department of Health

11 [Mary Pat Howard, M.S., RN-BC, Executive Assistant
12 of Quality Assurance, updated Board members on the
13 COVID crisis. She noted that as of today there are
14 1,276 new cases, 27 new deaths as of yesterday and 16
15 within the last 24 hours, which indicates a slight
16 increase. Ms. Howard further noted that as of right
17 now, the Wolf Administration began distributing the
18 first allotment of 250,000 COVID antigen test kits to
19 labs throughout Pennsylvania, specifically Bradford,
20 Center, Lebanon, Montour, Northumberland, Schuylkill
21 and Snyder which have the highest numbers.

22 Dr. Poggi requested that when statistics are
23 presented, that the number of hospitalizations,
24 intubations and those needing ICU care be included to
25 alleviate some of the fear in the older population.]

23 and Dr. Bulger is currently off the Board awaiting
24 confirmation of his second term. He stated the only

1 Mr. Anderson explained that since virtual
2 sessions have gone into effect, information for review
3 is being mailed out as arrangements need to be made
4 for virtual examinations and other matters so more
5 time is necessary. He indicated that other Boards are
6 doing a two-member active Probable Cause Screening
7 Committee and an alternate one is chosen giving an
8 extra person to vote in quorum. There was discussion
9 regarding difficulty with mail on the state website.

10 Mr. Anderson stated an email had been
11 simultaneously sent to the state account and to the
12 private email account providing notification of the
13 communication and the need for a response. He
14 requested contact information from the Probable Cause
15 Screening Committee members.

16 Mr. Suter cannot be involved with any issues
17 before the Probable Cause Screening Committee. Those
18 matters would need to be handled by Mr. Anderson.

19 Ms. Grey offered to be an alternate on the
20 committee. There was further discussion regarding her
