18 Report of Board Counsel

19 [Kenneth J. Suter, Esquire, Board Counsel, noted  
20 reports from hearing examiners for discussion during  
21 Executive Session. He noted one Final Adjudication  
22 for Board approval that would not be addressed at this  
23 meeting because it is not completed. He also noted  
24 Item No. 13 for discussion during Executive Session.

25 Mr. Suter provided Act 41 updates for the Board

1 concerning competency, which was delegated to the  
2 committee. He stated Chairman Litman, who is the  
3 committee, decided it is stronger to adopt that the  
4 applicant has at least practiced two of the last five  
5 years because individuals licensed by the Board are  
6 required to complete continuing education.]

7 \*\*\*

8 [Christopher S. Poggi, D.O., exited the meeting at  
9 9:44 a.m.]

10 \*\*\*

11 [Mr. Suter noted established criteria for a physician  
12 that includes experience in the profession for at  
13 least two of the five years immediately preceding the  
14 date of application and received passing scores on  
15 Parts I, II, and III of the National Board  
16 Examination.

17 Mr. Suter noted established criteria for a  
18 physician assistant that includes experience in the  
19 profession for at least two of the five years  
20 immediately preceding the date of application and  
21 received a passing score on the National Commission on  
22 Certification of Physician Assistants (NCCPA)  
23 proficiency examination.

24 Mr. Suter noted established criteria for a  
25 perfusionists that includes experience in the

1 profession for at least two of the five years  
2 immediately preceding the date of application and  
3 current certification by a certifying agency approved  
4 by a nationally-recognized accrediting agency approved  
5 by the Board.]

6

\*\*\*

7 [Christopher S. Poggi, D.O., reentered the meeting at  
8 9:46 a.m.]

9

\*\*\*

10 [Mr. Suter noted established criteria for a genetic  
11 counselor that includes experience in the profession  
12 for at least two of the five years immediately  
13 preceding the date of application and received a  
14 passing score on the examination for certification of  
15 genetic counselor by the American Board of Genetic  
16 Counseling (ABGC) or American Board of Medical  
17 Genetics and Genomics (ABMGG) or received a passing  
18 score on the examination for certification as a PhD in  
19 medical genetics and genomics by the ABMGG.

20 Mr. Suter referred to licensure requirements  
21 currently in the regulations at § 25.241(1), graduated  
22 from an approved osteopathic medical college;  
23 § 25.241(2), received passing scores on Parts I, II,  
24 and III of the National Board Examination;  
25 § 25.241(3), received a passing score on the practical

1 examination; and § 25.241(4), completed an approved  
2 internship.

3 Mr. Suter noted current requirements under  
4 § 25.241(3) that include receiving a passing score on  
5 the practical examination in osteopathic diagnosis and  
6 manipulative therapy, which is not in the criteria.  
7 He stated an applicant will not be granted a license  
8 through endorsement if the examination was not passed.  
9 This will demonstrate substantial equivalency.

10 Chairman Litman stated that neighboring states  
11 and their requirements were compared to uniformly set  
12 a list of parameters that paralleled all of the  
13 constituent groups that applied under Act 41 to obtain  
14 licensure by endorsement.

15 Mr. Suter noted the importance of considering the  
16 jurisdiction requirements with regard to being  
17 substantially equivalent to Pennsylvania, which must  
18 be decided before moving onto the competency criteria.

19 Chairman Litman noted one proposed doctor of  
20 osteopathic medicine school in Mexico that had not  
21 opened and accepted students yet but will be approved  
22 by the Commission on Osteopathic College Accreditation  
23 (COCA).

24 Mr. Suter mentioned the common denominator with  
25 all licenses, where individuals practiced two of the

1 last five years prior to the application and then  
2 passage of the respective examination. The thought  
3 being if the examination is passed, then the  
4 applicants are probably competent to practice.

5 Ms. Walter stated the Medical Board already has  
6 very comprehensive regulations for foreign medical  
7 students, which only need to be adjusted slightly for  
8 Act 41 purposes.

9 Mr. Suter commented that the Board will probably  
10 not find a license anywhere else in the world that is  
11 substantially equivalent to the Board's license.

12 Mr. Suter suggested developing initially criteria  
13 to establish a foundation to evaluate applications.  
14 This will provide information for the Board to  
15 consider when drafting the language in its regulation.  
16 He mentioned the committee approved one application  
17 after applying the criteria.

18 Chairman Litman commented that the right time for  
19 discussion would be when a school is actually  
20 established, approved by COCA, and is about to start  
21 in that country, assuming AOA will be assisting in  
22 terms of licensure.]

23

\*\*\*

24 MR. SUTER:

25

We need a vote on this in terms of if

1                   you are willing to adopt this as your  
2                   criteria.

3 DR. TURSI:

4                   I move we accept, as written, the  
5                   criteria.

6 DR. SWALLOW:

7                   Second.

8 CHAIRMAN LITMAN:

9                   All in favor?

10 [The motion carried unanimously.]

12 Report of Regulatory Counsel

13 [Kenneth J. Suter, Esquire, Regulatory Counsel,  
14 referred to Senate Bill 871 of 2019 information  
15 regarding physician assistants for the Board's review.

16           Mr. Suter stated the Commissioner's Office  
17 forwarded the proposed Annex 16A-5335 regarding  
18 Licensure Qualifications to the Governor's Office for  
19 review. Essentially, the Governor's Office will not  
20 approve the language in the regulation in terms of the  
21 additional education for individuals to be licensed in  
22 Pennsylvania.

23           Chairman Litman referred to § 25.1 regarding  
24 definitions, noting approved "residencies" must  
25 include at least 24 weeks of rotation should be

1 "internship." He explained prior discussion was to  
2 define approved internship training for obtaining a  
3 license after one year, which is an approved  
4 osteopathic internship, a PGY-1 year approved by the  
5 AOA or designated osteopathic program that has 24  
6 weeks of rotations. He also noted the error again on  
7 page 2, where the term becomes approved residencies.

8 Chairman Litman referred to licensing education  
9 and graduate training requirements § 25.241(1),  
10 graduated from an approved medical college and  
11 § 25.241(2), received passing scores on Parts I, II,  
12 and III. He noted "received passing scores on Parts  
13 I, II, and III of the National Board Examination" is  
14 supposed to read "received passing scores on Level 1,  
15 Level 2-CE, Level 2-PE, and Level 3 of the  
16 Comprehensive Osteopathic Medical Licensing  
17 Examination (COMLEX)." It does make reference to the  
18 performance evaluation, which is the Level 2-PE. He  
19 noted this to be the definition for initial licensure  
20 in Pennsylvania.

21 Chairman Litman also referred to § 25.241(4),  
22 successfully completed an approved internship or  
23 successfully completed an approved residency. He  
24 stated those who completed residencies in disciplines  
25 that would not include those 24 weeks would still be

1 qualified to be licensed in Pennsylvania. He noted  
2 that it was giving an applicant the opportunity to  
3 apply for a license upon completion of an approved  
4 internship or completing the entire residency program  
5 in no additional time.

6 Marc Farrell, Deputy Policy Director, Department  
7 of State, explained there is a regulations point  
8 person at Governor Wolf's Office of Budget and the  
9 Office of General Counsel (OGC), where changes will be  
10 reviewed and made by someone who is familiar with the  
11 regulation.

12 Dr. Seid noted the two changes as being what the  
13 Governor objected to and naming the right exam.

14 Acting Commissioner Johnson suggested referring  
15 to the examination but providing general language  
16 behind that in order to future-proof particular  
17 language by using Board-approved equivalent, so the  
18 Board would not have to amend it if the testing agency  
19 changes.

20 Dr. Swallow noted concerns regarding Senate Bill  
21 871 of 2019 and encouraged the Board to review the  
22 language.

23 Ms. Walter suggested Board members make comments  
24 on pending legislation through their local legislature  
25 and not as a member of the Board.

1           Acting Commissioner Johnson recommended the Board  
2 relay any concerns to Board Counsel. The Board  
3 Counsel can relay the concerns to the Office of  
4 Legislative Affairs and to not reach out directly as  
5 Board members.]

6

\*\*\*

7 Report of Acting Commissioner

8 [K. Kalonji Johnson, Acting Commissioner, Bureau of  
9 Professional and Occupational Affairs, addressed Board  
10 access to pa.gov, noting it to be the only email  
11 address the Board should be using. He mentioned the  
12 Right-to-Know Law requirements. He stated to contact  
13 the Office of Administration with any issues  
14 concerning the pa.gov address.

15           Chairman Litman questioned whether someone from  
16 information technology (IT) could address the Board.

17           Acting Commissioner will have someone from IT  
18 available to assist the Board at the next or  
19 subsequent meeting.

20           Acting Commissioner Johnson informed the Board of  
21 the security transition, where security will be  
22 provided by Capitol Police starting November 1, 2019.  
23 He also informed the Board that the lobby hours would  
24 be from 8:30 a.m. to 4:00 p.m. He noted no reentry  
25 into the building once a Board member leaves, unless

1 they have security access or badges are keyed for  
2 secured entry. He noted Capitol Police will be  
3 actively checking badges, so anyone on Board-related  
4 business or a Commonwealth employee are expected to  
5 have their badges visible at all times. He noted  
6 those without badges will be given a visitor's pass or  
7 sign a login sheet before viewing one of the Board  
8 meetings.]

9

\*\*\*

10 [K. Kalonji Johnson, Acting Commissioner, Bureau of  
11 Professional and Occupational Affairs, exited the  
12 meeting at 10:22 a.m.]

14 Report of Department of Health

15 [Arlene G. Seid, M.D., M.P.H., Medical Director of  
16 Quality Assurance, on behalf of Rachel Levine, M.D.,  
17 Physician General/Secretary of Health, Department of  
18 Health, updated the Board on Act 96 of 2018 regarding  
19 e-Prescribing, which officially goes into effect  
20 October 24, 2019. She noted FAQs were recently  
21 updated on the department's website, and there will  
22 not be any enforcement of Act 96 of 2018 until the  
23 department has finished promulgating the regulation.

24 Dr. Seid noted the 2019 Medication-Assisted  
25 Treatment (MAT) Regional Summit with the Department of

1 Health and Department of Drug and Alcohol programs are  
2 convening eight regional MAT Summits scheduled through  
3 November 14, 2019.

4 Dr. Seid noted the Department of Drug and Alcohol  
5 and the Mid-Atlantic High-Intensity Drug Trafficking  
6 Area programs are convening a Pennsylvania  
7 Psychostimulant Symposium at the Best Western Premier  
8 in Harrisburg on November 19, 2019. She mentioned  
9 plenary sessions featuring speakers focusing on  
10 multiple aspects of stimulant use disorders and dual  
11 breakout sessions to provide participants with  
12 opportunities to prioritize the most relevant training  
13 opportunities.

14 Dr. Seid recommended checking the Department of  
15 Health website for Act 96 of 2018 updates and to  
16 contact the Pennsylvania Osteopathic Medical  
17 Association (POMA), who has been in contact with the  
18 department, if there are any issues or comments.]

15 I understand the motion will be to  
16 adopt the hearing examiner's findings of  
17 facts and conclusions of law in  
18 discussion but directing your Board  
19 counsel to issue an order substituting  
20 the Board's opinion for the order, which  
21 basically will reflect much of the

16                   for an Allied Health Professional  
17                   registration as a supervisor. The Board  
18                   will entertain a motion for conditional  
19                   approval of the application with  
20                   modification, and the Board will ratify  
21                   that action at the next Board meeting.

7 [Kenneth J. Suter, Esquire, Board/Regulatory Counsel,  
8 addressed scam phone calls received across several of  
9 the Boards regarding licensees being informed they owe  
10 money to the Bureau of Professional and Occupational  
11 Affairs (BPOA).]

12 Chairman Litman suggested sending a letter to the  
13 respective state societies and to also include  
14 information in a POMA newsletter.

15 Mr. Hollinger will send a bulk email to all  
16 Pennsylvania training hospital contacts.

17 Mr. Hollinger addressed correspondence from the  
18 Accreditation Council for Continuing Medical  
19 Education's request for the Board to designate  
20 Interprofessional Continuing Education (IPCE) credits  
21 as acceptable to meeting continuing medical education  
22 (CME) requirements for relicensure.

23 Dr. Tursi requested additional clarification  
24 regarding ACCME requirements for medical lectures in  
25 terms of performance objectives, behavioral

1 objectives, and the objectives of the lecture to see  
2 if it parallels with the interprofessionals.

3 Dr. Tursi recommended sending a copy to POMA for  
4 their input of how it would positively or negatively  
5 affect their ability to provide CMEs.

6 Chairman Litman referred to information released  
7 by Penn State Health Milton S. Hershey Medical Center  
8 with an Association of American Medical Colleges  
9 (AAMC) label on it that was written to residency  
10 applicants to Penn State Hershey, basically stating  
11 that Pennsylvania is one of a few states that has  
12 special rules about training and licensing for  
13 osteopathic physicians who train in an allopathic  
14 residency program and encouraging students to speak  
15 with their medical schools, professional associations,  
16 or the Pennsylvania State Board for Osteopathic  
17 Medicine for a more direct and authoritative  
18 explanation.

19 Chairman Litman addressed a response received  
20 from the Pennsylvania Osteopathic Association. He  
21 noted that President Goldman's understanding is if a  
22 graduate of an osteopathic medical school does all  
23 three years of family medicine residency training in  
24 an allopathic ACGME program that the resident is not  
25 allowed to practice in the state of Pennsylvania after

1 residency.

2 Chairman Litman explained that this is a  
3 misunderstanding of words like approved internship and  
4 approved residency and will respond to the letter  
5 noting no loopholes in the Pennsylvania for a new  
6 application. He also noted the need for a courtesy  
7 letter to Hershey and a copy to POMA.

8 Dr. Tursi suggested sending a copy of the letter  
9 to the current programs and state schools so the  
10 residency directors have the proper answer.

11 Mr. Suter recommended working with the  
12 Commissioner's Office as a joint letter with the  
13 Commissioner and the Board Chair, being careful not to  
14 give advisory opinions.

15 Dr. Tursi suggested mentioning changes by the  
16 Board have been to expedite licensure in Pennsylvania,  
17 not to prohibit.]
